

## C. I. & W. WATER TANK COLLAPSES

Foundation Gives Away and Large Basin is Crushed by Weight of 47,000 Gallons of Water

### SHORTLY AFTER TRAIN PASSES

Westbound Passenger is Detained Short Time While Wreckage is Cleared Off Track

With a roar that could be heard for a mile, the large water tank on the C. I. & W. railway east of the city, collapsed last evening at 6:20 o'clock and under the weight of 47,000 gallons of water was completely wrecked.

The tank collapsed shortly after the evening eastbound passenger train passed and only a few minutes before the arrival of the passenger train from the east. It is believed that the vibration from the train that passed only a few minutes before the crash aided in weakening the already wobbly foundation.

The tank was completely wrecked, all the heavy timbers being battered to splinters. The debris fell across and on both sides of the track. Even the heavy timbers used in supporting the huge tank were splintered.

Fortunately no one was at the tank at the time. Some fishermen near the scene heard the crash and notified the section men. The westbound train was stopped before reaching the scene and was held until the wreckage was cleared sufficiently to let the train pass. Frank Heflin, the engineer, completed filling the tank at two o'clock yesterday afternoon. At that time the tank had 47,000 gallons of water in it and when the foundation gave way the rush of water could be heard for a great distance.

It had been known for some time that the foundation was weakening but the railway officials did not think the condition was dangerous. The pumping station adjoining the tank was not damaged, although the place was flooded.

The tank was an old one. It was stated that about the only repair made at the tank within the past nine years was the replacing of the hoops around the tank. Railway officials were here today looking over the wreck and work on a new tank will likely start in a few days.

Had the tank collapsed during the noon hour it is likely that three

## SANITARY UNIT MAY GO TO FORT HARRISON

Possibility of Men Being Ordered There When Other Units of Fourth Regiment Move

### SCHEDULED TO CHANGE 27TH

It is possible that the sanitary detachment of the Fourth Indiana Infantry regiment will be ordered to report at Fort Benjamin Harrison a week from next Monday, at which time other units of the Fourth Regiment and other Indiana guard companies, which are now in training at the state fair grounds, will be moved to the fort.

From authoritative sources it is learned that the guardsmen now at the state fair grounds will be moved to Fort Harrison a week from Monday and it is presumed that the sanitary detachment will be stationed with the other units of the Fourth when the change is made. Frequent rumors have been circulated about the sanitary detachment being moved from here, but Major Carey said more than a week ago that he was going to keep the men here as long as possible.

## WORKING 4 WEEKS ON BOX FOR FRANCE

Will Make Shipment of Hospital Garments Some Time Next Week —Many Other Things Made

### MAKE 50 ARTICLES A WEEK

The Milroy auxiliary of the Red Cross has been working for four weeks to complete a box of hospital garments for shipment to France. They will have the entire box ready for packing and inspection by the middle of next week.

The Milroy women have made many other hospital garments besides the ones which will be assembled in this shipment. They have also made dozens of pillowcases and sheets and now have on hand nearly one hundred of these which are ready to be returned to Rushville for shipment from here.

The Milroy auxiliary meets twice a week and lately has had an average attendance of twenty women each day. They complete about fifty articles a week.

## RUSH COUNTY TO SUPPLY 300 SETS

Red Cross Receives Definite Allotment of Knitting Work That is to be Done at Once

### TO CLEAR DECKS FOR ACTION

Knitters Are Asked to Complete Work on Hand and Prepare For Task That Lies Ahead

The Rush county chapter of the Red Cross has received definite word of what is expected of Red Cross workers here in the work that is about to be started by the American Red Cross to answer the appeal from France for 1,500,000 knitted sets, comprising sweaters, mufflers, wristlets and socks.

The Rush county chapter has been allotted the making of three hundred sweaters, three hundred mufflers, three hundred pairs of wristlets and three hundred pairs of socks. Full instructions as to how to proceed will follow in two days, local Red Cross officials are informed.

The officers of the Rush county chapter urged today that the decks be cleared for speedy action. Red Cross knitters are asked to finish all knitting work on hand so as to be ready for the big task that is to come. It is felt sure by everyone that Rush county will do her part in making good on this appeal for help.

The American Red Cross has urgent call from Major Grayson Murphy, commissioner of Red Cross in France, for enormous quantities of knitted woolen articles. The following cablegram has been received from Major Murphy.

"Last winter broke record for cold and misery among people here. Inexpressible dread of coming winter, finding us without supplies to meet situation, urge you on behalf of our soldiers and those of our allies who will suffer in their frozen trenches, and also thousands of French and Belgian refugees and repatriates being returned through Switzerland to France. Every one here looks to America to begin shipping at once one million five hundred thousand each of warm knitted woolen articles already requested. They must come before cold weather and in view of shortage of fuel and other discomforts they will be of incredible value in both military and civilian work."

All Knights of Pythias are requested to meet at the Castle Hall, Sunday afternoon at 1:30 to attend the funeral of Morris Maxey.

## NEXT SOCIAL AT CARTHAGE

Arrangements Made With Christian Church For One Tuesday

Arrangements have just been completed for the next of the series of community socials which will be held at Carthage next Tuesday evening. The Carthage Christian church will co-operate with the Rushville merchants in conducting the festival. The Odd Fellows band will play and a man from here will speak.

Great plans are being made for the one to be held at Plum Creek, Friday evening, August 31 following an all day meeting of the county Sunday schools.

## MAY BE SENT TO FRANCE

Dr. C. J. Tucker Attached to First Indiana Artillery at Present

Dr. C. J. Tucker may be the first Rush county physician to see service in France. He has been in training at Fort Benjamin Harrison for several weeks and had been expected to be sent to Hattiesburg, Miss., where the Indiana Kentucky National Guard will be mobilized. But word has been received here that he is at present attached to the First Indiana Artillery, which has been ordered to proceed to France and will leave soon. If he is not differently assigned, he will likely see early service in France.

## ASKED TO WATCH FOR BANK ROBBERS

Chief of Police Yakey Receives Call From New Palestine at Four O'clock This Morning

### SEE SUSPICIOUS CHARACTERS

Chief of Police Yakey was notified this morning at four o'clock that yeggmen had blown the safe of the New Palestine bank and robbed a New Palestine store last night and escaped. No description could be given of the robbers except that there were two of them and one carried a bag.

Two suspicious characters were seen in a restaurant this morning about eight o'clock. The chief of police heard that they apparently had been up all night, had plenty of money and that one of them carried a bag.

No attempt was made to follow the robbers from New Palestine, it is said. A few years ago the New Palestine bank was robbed and the thieves escaped on a handcar.

## LEGISLATURE TO MEET AUGUST 27

Governor Goodrich Will Issue Proclamation Tomorrow Calling a Special Session

### COAL LEGISLATION IS FIRST

Bill Providing For State Constabulary is Regarded as of Next Importance

(By United Press) Indianapolis, Ind., Aug. 17.—Governor James P. Goodrich will issue a proclamation tomorrow, calling the Indiana legislature into extraordinary session on Aug. 27 to legislate against "outrageous coal prices." This fact was learned from authentic sources today. The governor, however, withheld formal announcement of his plans.

The exact program to be carried out by the legislature and the length of the session remains a matter of conjecture. The program will be definitely determined late today at a conference between the governor and the leaders of both branches.

Governor Goodrich made no secret today of his intentions to go before the special session with a coal bill that not only will arbitrarily fix "reasonable prices," but also will permit an embargo on the Indiana product to protect the interests of consumers within the state.

Aside from coal legislation it developed today that the governor considered a bill providing for a state constabulary, such as exists in Pennsylvania to be next in importance.

The calling of the Indiana national guard into federal service has left the state without protection from plots, and the governor believes the emergency legislation is required to provide protection.

Strong pressure has been brought to bear upon the governor from many sources for weeks past in favor of the extraordinary session. In addition to action in the coal situation, it is practically certain that the legislatures will be asked to provide for a vote of the people on the constitutional convention question will be asked to widen the scope of the state council of defense by giving legal standing to its actions; to provide funds to carry on the state's war work for at least another year and to provide wage increases to day laborers in the employ of the state.

Other matters of importance probably will be considered also.

Before reaching a definite decision

## AIR OF EXPECTANCY ABOUT CAMP WOLFE

While no Definite Order to Leave Has Come, Men Will Not be Surprised When it Arrives.

### ARLINGTON SENDS DONATION

Leut. Weldon Brann Puts Men Through Long Signal Drill—Visitors Coming Sunday.

Camp Edward H. Wolfe, Aug. 17. Despite no definite word regarding when Company B will leave for Hattiesburg, Miss., there is an air of expectancy prevailing at the camp and the men will not be surprised when the order does come. The air of expectancy has existed for the last two days and inability to obtain any definite information only tends to increase the uncertainty of the situation.

As a result friends of the men are calling at the camp daily, half expecting that the company will be gone by the time they get back to see them the next time. Sunday afternoon will be observed as a visiting day at the camp and a large crowd is expected. This will be one of the few remaining days on which to visit with the boys.

The company is indebted to the people of Arlington for fourteen bushels of fine potatoes received in camp this morning. Dr. Finlaw of Arlington was responsible for getting the donation for the company and the mess sergeant and members of the company greatly appreciate the gift.

Second Lieutenant Bridwell, who was assigned to the company has never put in an appearance and the company officers believe he will not join the unit until the start to Hattiesburg is made.

This afternoon Lieut. Weldon Brann, who has been assigned to the 46th Infantry at Fort Harrison, put the men through a long signal drill and demonstrated the use of the semaphore. The usual routine was followed today.

The men will not likely get their second serum treatment for typhoid until the first of next week.

## CONNERSVILLE TO HELP CO. B MESS FUND

Col. Hawkins Unable to do Any Work and Refers it to Commercial Club

### REST OF FLAG FUND IS DIVIDED

S. L. Trabue, chairman of the committee raising Company B's mess fund has received a letter from Col. Ned Hawkins of Connorsville, on the military staff of Governor James P. Goodrich, saying that he had been called to Washington and that he was unable to raise Connorsville's share of the mess fund.

Col. Hawkins says, however, that the question will be taken up with Connorsville Commercial Club and that Connorsville will do its part.

Chairman Trabue has acknowledged the receipt of eighty dollars for the mess fund which was raised at Greensburg by State Senator Lem P. Dobyns. There are several Decatur county boys in the company.

A. B. Irvin, who raised the money for the Company B flag fund, has prorated the balance of the fund, after the flag was purchased, between the mess funds of the company and the sanitary detachment. There was \$36.16 left, \$30 going to Company B and \$6.16 to the sanitary detachment.

An ice cream social will be held in the G. A. R. hall at Andersonville next Friday night for the benefit of the Sunday schools of Andersonville.

## Record Breaking Non-Stop Run

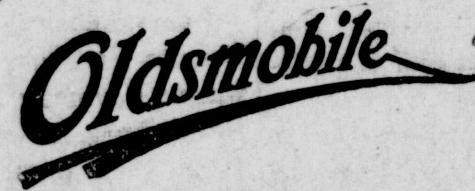

Successfully enduring one of the most grueling and exacting tests to which an automobile was ever subjected, an OLDSMOBILE Model 37, six cylinder, stock car has broken all previous records for endurance and continuous high motor efficiency.

For 47 consecutive days and nights, it was mounted on jacks and harnessed to a 17-kilowatt dynamo, giving the car a load equivalent to climbing a 10½ per cent grade and requiring an actual and continuous expenditure of 22 horse power.

Mayor Curley, in the presence of a host of newspaper men and official observers, pressed the starter and threw the clutch that marked the beginning of the unprecedented run.

Staged in the spacious show windows of the Oldsmobile Company of New England, at Boston, Mass., the car patiently plodded along without a single stop, for 1128 hours, running 26,149 miles, at an average speed of 23.17 miles per hour, and traveled 22.49 miles per gallon. It was a regular stock model, a new car, and was without special adjustment.

A flood of light generated by the dynamo demonstrated day and night that the car was doing its work. When the best previous non-stop record had been eclipsed by 4,127 miles, the car was stopped by the official observers. The run attracted scores of technical men and expert mechanics, who showered the Oldsmobile distributors with compliments on the brilliant achievement, which added such a remarkable triumph to the laurels of the Oldsmobile Six.

## GUARDSMEN FROM NEW ENGLAND TO GO

Second "Rainbow Division" Will Leave For France as Soon as Transports Are Available

### MAJOR EDWARDS TO COMMAND

(By United Press.)

Washington, Aug. 17.—A second "rainbow division"—composed of national guard troops from each New England state will soon go abroad. It will leave with the first rainbow division.

Supplies are being gathered for both divisions and the rapidity with which these are collected and the availability of transports will determine the time of leaving.

Major General Clarence Edwards, commander of the northeastern department will be commander of the second division.

### FINISHES PROBE OF STEEL

Federal Trade Commission Ready to Report to President

(By United Press.)

Washington, Aug. 17.—The federal trade commission has completed its investigation into the cost of steel production in the United States. It will submit its report to President Wilson within a very few days. President Wilson is expected to fix a price on all steel products immediately, based on the finding of the commission.

Mrs. Walter Perkins, who has been ill at her home in North Hannah street, was somewhat improved today.

## DISCUSS POPE'S PEACE PROPOSAL

Members of Cabinet Voice Views on Plan Suggested From Vatican To End War

### STATEMENT EXPECTED SOON

By CARL D. GROAT  
(U. P. Staff Correspondent.)

Washington, Aug. 17.—President Wilson's cabinet will voice its views on the pope's peace plan at today's cabinet session. That the tenor will be for rejection is undoubtedly. There is a strong disposition, however, to have the president make America's position and aims in the war unmistakably clear.

The president will probably deliberate a few more days before making an announcement of his position.

The allies now dependent on the United States for physical and financial aid are virtually compelled to follow his course. Conferences with the allied governments have been going on for several days.

### HARRIE JONES WINS 2 SECONDS THURSDAY

Finishes in Money With Golden Axworthy and Yace G. at the Henry County Fair

### BILLY JACKSON FAILS TO WIN

Harrie Jones won two seconds at the Henry county fair races at Newcastle yesterday. He took second with Yace G. in the 2:14 trot and the same money in the 2:17 trot with Golden Axworthy. A mistake was made yesterday in stating that Mr. Jones was driving Orator Brooks in the 2:24 pace Wednesday.

Rushville people at the Newcastle fair yesterday reported that John Rhodes failed to win the 2:24 pace, which was started Wednesday and finished yesterday. He was driving Billy Jackson, a Rush county colt which belonged to Laughlin of Washington township and was purchased by John Rhodes last fall after the splendid showing the horse made in the county road pace at the fair here.

### CATHEDRAL IS MASS OF SMOKING RUINS

Beautiful Structure in St. Quentin Meets Same Fate as Rheims at Hands of Germans.

### CITY COMPLETELY SACKED

By HENRY WOOD  
(U. P. Staff Correspondent.)

With the French Army, Before St. Quentin, August 17.—The beautiful St. Quentin Cathedral today is a smoking mass of ruins, a duplicate of its sister Cathedral of Rheims. It is the latest victim of German destruction.

Beyond the cathedral may be seen the smoke of numerous villages curling into the sky. The fury of German destructiveness is again asserting itself. While the burning and looting resembled that which preceded the German retreat in March there are no indications that the enemy is preparing to evacuate the territory in this region immediately.

Recently captured German prisoners declare St. Quentin has been completely sacked. Everything of any value has been carried off. All that could not be carried has been destroyed.

### TO REPEAT ITALIAN NIGHT

The Italian program, which was given Tuesday night, will be repeated tonight by special request at the all nations carnival which is being held at the Second M. E. church this week. Many white people attended the carnival last night. A parade down town in Ray Lakin's motor truck was held last night preceding the carnival.

### BOYS TOURNEY OPENS

Indianapolis, Ind., Aug. 17.—Preliminary to the start of the annual open state tennis tournament here next Monday, the boys' open tennis tourney got under way today. Boys under 16 years are allowed to enter.

The junior tournament—for boys of 19 years or under—will start Friday and conclude Sunday. Big fields are entered in each class.

### CAMP WOLFE HAS A JOKE ON A CORPORAL

Hartford Sallee of Greensburg Gives Command to Halt But Tramping Does Not Cease

### GETS LIGHT AND IT'S A COW

Camp Edward H. Wolfe, Aug. 17.—The boys today are telling a good one on Corporal Hartford Sallee of Greensburg. Corporal Sallee was on guard duty last night in an exceedingly dark part of the camp, when he heard strange noises and the steady tramp, tramp of someone approaching. Sallee called out the usual command to halt, but still the walking continued. The corporal continued to shout halt and at the same time demanded to know who went there.

The corporal is a brave man, but he didn't like the dark and was just a little bit uneasy. As a last resort he rushed to headquarters after a light and this of course aroused the curiosity of some of the other men. By the time Sallee got back to the scene he had quite a crowd following at his heels.

When he turned the searchlight in the direction from which the sounds were coming he discovered one of Bill Dugan's cows calmly chewing her cud and the yell that went up from the onlookers could have been heard in Rushville.

### LEGISLATURE WILL MEET ON AUGUST 27

*Continued from page 1.*  
sion to call the legislature, the governor summoned Republican and Democratic leaders of the last session, outlined his views on emergency legislation to them, and, in turn, listened to their ideas concerning the situation.

Goodrich is known to believe that an excise tax law should be included in the legislative program of the extra session. The budget system, also, he will ask to have considered, while the general subject of taxation reform probably will be presented.

Additional appropriations for some state institutions probably will be asked.

Action of the state supreme court in holding unconstitutional Indiana's state oil-inspection law, since adjournment of the last session, probably will mean legislation to replace the old act. Governor Goodrich is known to believe that the oil inspection act defeated by the last legislature, should be resurrected, and passed.

The length of the special session, of course, is uncertain, but politicians at the state house today expressed the opinion that a legislative program that would require at least 60 days work would be presented.

Governor Goodrich's idea regarding the coal problem probably will be outlined in great detail in his message to the legislature. He is known to believe firmly that the Indiana consumer should not pay more than \$2.50 a ton for domestic lump coal, or more than \$2 a ton for the run-of-mine product. He believes that these prices would insure fair profits to the operators, basing his contention on figures showing a production cost of approximately \$1.48 for the operators. The governor believes, should be content with a net profit of 20 cents a ton.

Germans Continue to Try to Win Back Lost Ground at Lens

(By United Press)

London, Aug. 17.—Continued German counter attacks on the Lens front were reported by Field Marshal Haig today. One assault resulted in the British being pressed back slightly from points they had established during the night. "East of Loos the enemy twice counter attacked," Haig reported, "the second time pressing us back slightly from points we had established."

RECAPTURE LANGEMARCK

(By United Press)

Berlin, via London, Aug. 17.—Recapture of the town of Langemarck taken by the British yesterday, was announced in the official statement this afternoon.

#### The Wheat Program

The intensive campaign that is being conducted throughout Indiana as well as in the nation for a larger wheat acreage is calculated to result in the production of one billion bushels of wheat next year. The "drive" is on now. A lecturer from the Purdue extension department spoke on this subject last week.

If the campaign meets with as great success as did the campaign last spring for a greater corn acreage, it will be worth while because the corn crop this year promises to be the equal if not greater than any corn crop in the history of the United States.

Nothing will induce farmers to plant a large crop of any grain like high prices. Prospect of good money for corn last spring was the thing which led many farmers to plant more corn than usual. The guarantee of a minimum price of two dollars a bushel for wheat, contained in the food bill, will be the one stimulant, if the farmer is not inspired by patriotism and a desire to serve his country, which will bring about a large acreage of wheat.

The program for the nation is one billion bushels for domestic use and export and over eighty-three million bushels of rye, as outlined by the secretary of agriculture. It is expected that the goal will be accomplished through the planting of 47,337,000 acres to winter wheat and 5,131,000 acres to rye this fall. This record winter wheat acreage, an increase of eighteen per cent over last year, would yield 672,000,000 bushels if the average yield for the last ten years is equalled, or under a repetition of favorable conditions of 1914 would give 880,000,000 bushels. In either case with a spring wheat crop next year equal to that of 1915, the nation will raise more than a billion bushels.

This vastly increased production of wheat, needed in any case, will be absolutely essential to prevent a serious shortage of breadstuffs next summer should the growing corn, now behind the season, be much damaged by early frosts.

The program approved by the secretary of agriculture represents the best thought of the department of agriculture and of state agricultural officials and state councils of defense.

The study of this question has involved many factors and the specialists have been aware from the first that the demands for wheat may exceed the supply next year. Effort therefore has been made to recommend in each state about as large an acreage in wheat and rye as can be sown without upsetting proper farm practice which must be maintained in the interest of wheat and rye crops this and succeeding years, as well as in the interest of other necessary spring-planted crops which are not discussed in detail at this time as they are not food crops in which a marked shortage exists.

The estimates, the department states, are made with the knowledge that there is some shortage of the fertilizer supply but with the understanding that there will be no general shortage in the supply of held next February.

seed or of farm machinery which is necessary in the production of the wheat crop. It is understood also that ample transportation facilities will be provided and a fair price of wheat will be established. These factors have been assumed as fixed and satisfactory. If any one or more fail to be adjusted in good time, no person can tell how serious will be the effect on the total crop.

The planting and cultivation of these increased acreages of fall-sown grains calls for unusual effort on the part of the farmers. Plans to place at the disposal of farmers all assistance possible, are being perfected in the department of agriculture, the state colleges of agriculture, and other state and local agencies which co-operate in farming matters. The assistance of successful growers of wheat and rye in a campaign to turn out bumper crops in 1918 is assured.

The state officials will do their utmost to get the acreages expected of their States into the ground. The program as originally worked out by the federal department of agriculture called for somewhat more than 44,000,000 acres to be sown this fall. When this proposal was presented to the officials of the several states a further increase was considered possible and desirable by them. As a consequence the recommendation for the sowing of 47,337,000 acres is made.

#### Three Cheers For T. T.

Former United States Senator Tom Taggart has verbally emboldened the small fry democratic press of Indiana which have been ranting about Will H. Hays acting as chairman of the State Council of Defense and the republican party at the same time. Mr. Taggart has given out a letter he wrote recently in which he shows how narrowly partisan and how unpatriotic it is for the democratic newspapers to criticize Mr. Hays simply because he is trying to perform a service for the country.

Some democratic newspapers have imagined all sorts of terrible things which might result from Mr. Hays serving in two capacities. They have said he was keeping himself before the public eye in order to prepare the way to be a candidate for governor and that he was grooming Governor Goodrich for the United States senate. Very naturally sensible people paid no attention to this sort of stuff but it was very thoughtful of Mr. Taggart to silence the newspapers which were stirring up partisan feeling and doing more to hinder the proper prosecution of the war in Indiana than Mr. Hays could possibly do if he were serving as an agent of the kaiser.

A Savannah, Georgia man has written the New York Sun and in most caustic terms reprimanded the six hundred citizens of his state who recently held an "indignation" meeting and adopted resolutions declaring the conscription law was unconstitutional. The Kokomo Tribune observes that something besides sectionalism will have to be trotted out to explain this.

The conscientious objector to war has lost his alibi. The government has decided to draft them anyway and use them in camps as non-combatants.

Looking over the top of the trench for a German will not be anything like being entrenched behind some old cans on the day of the class scrap.

#### WAR WILL INVADE FAIRS

Defense Council Plans Exhibits For This Fall

(By United Press)

Washington, August 17.—Now they are standardizing patriotic demonstrations.

Uniform plans were announced today by the Council of National Defense for patriotic demonstrations at Food Training throughout the country this fall.

A discussion of some angle of the war and America's part in it is contemplated each day. Exhibits will also be standardized.

Terre Haute—The Terre Haute rotary club is making an effort to bring the eighth district Rotary convention of Illinois and Indiana to this city. The convention will be held next February.

## ONE IN EVERY 29 OWNS AUTOMOBILE

Statistics Show National Average For 1916 Was Exceedingly High—Iowa Led

### CALIFORNIA WAS SECOND

(By United Press.)

Washington, Aug. 17.—With one automobile for every 11 persons in the State, Iowa led the country in 1916 in the number of motor cars per capita, according to official figures in the government office of Public Roads.

California was second with one car for every 12 inhabitants.

Nebraska and South Dakota had one for every 13. Arkansas stood last in the list of States with only one car for every 116 persons.

The national average was one for every twenty-nine. By sections the south had relatively the fewest cars in proportion to population.

### MANY MELONS SHIPPED

Seymour, Ind., Aug. 17.—The shipping season for Jackson county canteloupes—famous throughout the state—is in full swing. Hundreds of baskets of choice melons are being sent to the Indianapolis market. Because of unfavorable weather conditions early in the season, this year's crop is about two weeks later than usual.

### REAL ESTATE TRANSFERS

James W. and Martha A. Scott to Theodore Abercrombie, Jr., and Florence Abercrombie, 80 acres in Ripley Twp., \$8,000.

James W. and Maggie Mercer to William and Julia A. Williams, lot 9 in the original plat of New Salem and a strip of land adjacent to lot 9, \$1,850.

Caroline O. and Frank Mock to Anna H. Wooden, part of lot 32 in H. G. Sexton's Heirs Addition to Rushville, \$2,250.

William E. and Margaret J. Angle to Homer Powell 104 acres in Rushville Twp., \$17,160.

### KEEP YOUNG

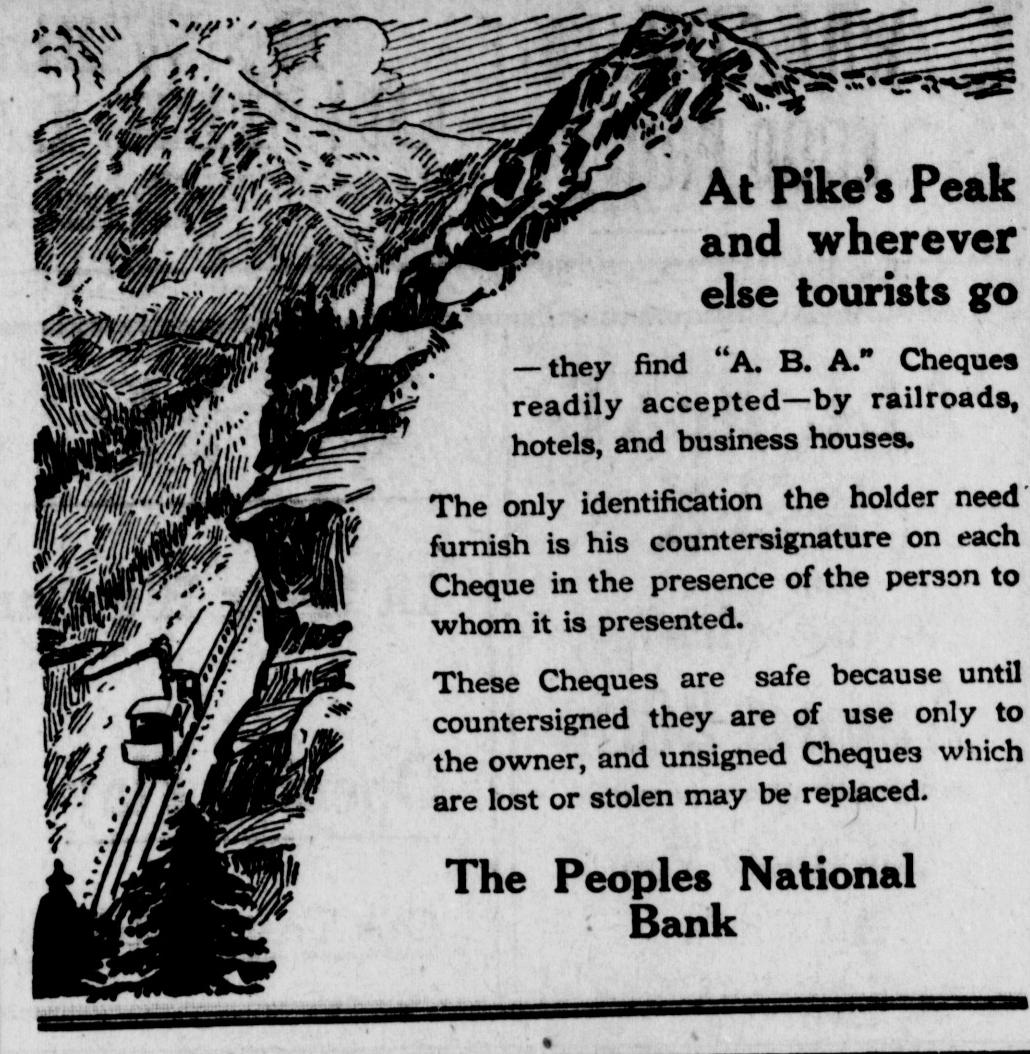

People with bad backs and weak kidneys are apt to feel old at sixty. Many old folks says Doan's Kidney Pills help them keep young. Here's a Rushville case.

A. M. Younger, retired farmer, 828 W. Tenth St., Rushville, says: "I have been using Doan's Kidney Pills off and on for about ten years and they have done me good. When a man gets as old as I, he is bound to have more or less trouble with the kidneys. At times I have a dull ache across the small of my back and it gets weak and lame. Then the kidney secretions are too frequent in passage, causing me to get up at night. Every time I have been this way, I have procured a box of Doan's Kidney Pills at Johnson's Drug Store, and they never fail to relieve me in a short time."

Price 60¢ at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same to that Mr. Younger uses. Foster-Milburn Co., Props., Buffalo, N. Y. (Adv.)

## Don't Suffer With Rheumatism Or Lumbago

Sufferers everywhere claim that Speedway Liniment brought them quick and soothing relief after they had tried everything else. Nothing equals this wonderful, scientific remedy for taking soreness out of cramped, aching joints and muscles. Get a bottle from your nearest druggist—get quick, soothing, glorious relief. Try it. Your money will be handed back to you if Speedway Liniment does not help you. You take no risk. Saturate a cotton bandage or flannel cloth and leave it on over night. It won't burn, blister or stain. In the morning you will bless the physician who evolved this wonderful remedy and brought it to America. Especially prepared by the Speedway Laboratories of Shelby, Ohio. Har-grove & Mullin, and F. B. Johnson & Co. (Adv.)

—they find "A. B. A." Cheques readily accepted—by railroads, hotels, and business houses.

The only identification the holder need furnish is his countersignature on each Cheque in the presence of the person to whom it is presented.

These Cheques are safe because until countersigned they are of use only to the owner, and unsigned Cheques which are lost or stolen may be replaced.

**The Peoples National Bank**

## We wish to announce an early display of Autumn Suits and Dresses

The models now shown have a particular appeal to those who wish to be first with the new fashions, for they represent some of the choicest of our selections.

If seeking that prestige that comes from being a leader of fashion you will not delay until after someone else has appeared in the garment that you would have wished to wear first.

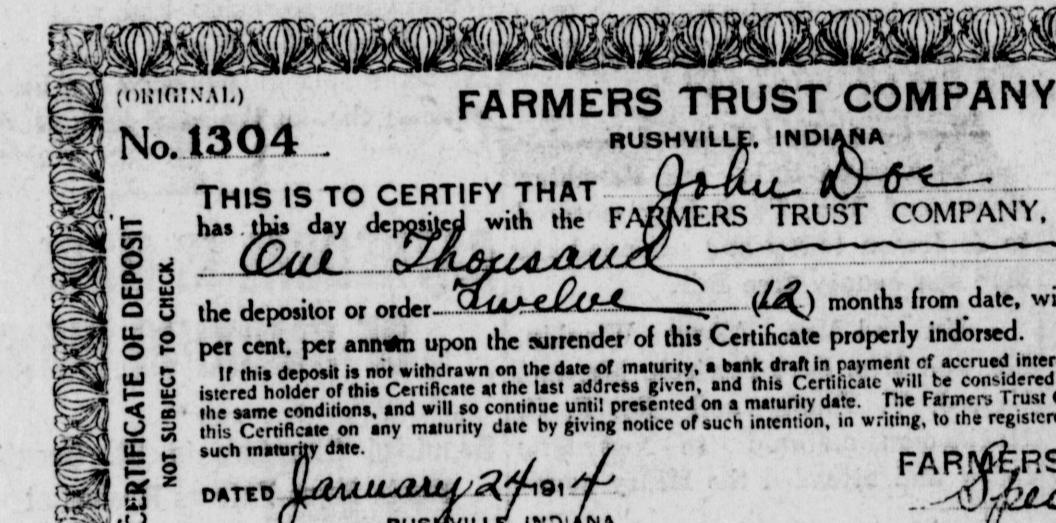

### Suits and Dresses That Are Really Special Values

And if you buy today you purchase as we purchased—upon the basis of values that are not likely to be duplicated in later buying.

Suits priced from \$15.00 to \$60.00

Dresses priced from \$12.50 to \$27.50

**E. R. CASADY**

### Advantages of Our Self-Renewing Certificates

1. This Certificate can be renewed from time to time by simply HOLDING THE CERTIFICATE and thus make it a permanent investment.
2. It relieves the holder from any annoyance of collecting interest and having the Certificates renewed at every maturity date. We mail you interest check to your last known address on each maturity.
3. This Company will make loans to the face value of the Certificate.
4. There is absolutely no speculative value to these Certificates and they are not affected by the rise and fall of the security market. THEY ARE ALWAYS WORTH PAR.
5. We claim to pay you on this Certificate the highest rate consistent with absolute safety and permanence of the principal.

## Farmers Trust Company

### Your Personal Appearance

Everybody Notices It

It's a fact—you can't walk along the street or road without someone taking note of your personal appearance. And personal appearance is a great asset in this world. Your efforts are discounted if you don't stack up in appearance.

You can't impress your personality on the public if you shamble around in a "mussy" suit of clothes. You should have your suits regularly.

### Cleaned and Pressed

Correct, neat appearance is evidence of a concise, orderly mind. Slovenliness without begets sluggishness within.

Don't discard the old suit until you bring it to us. Let us see what we can do for it first. IT MAY PAY YOU WELL

## WILL STIMULATE FOOD PRODUCTION

New Bill Just Enacted by Congress  
Gives Agricultural Department Wider Powers

### TO MAINTAIN FOOD SUPPLY

Sum of \$11,346,400 to be Spent  
Stimulating Production and  
Conserving Crops

Washington, Aug. 17.—The task of maintaining during the war an ample supply of food will be attacked on a still larger scale by the United States Department of Agriculture through a score or more of projects, under the provisions of the food production bill just enacted by congress.

While most of the projects will be extensions of present activities, some of them will represent new undertakings. The task will be to find just where the country stands in so far as the adequacy of the present food supply is concerned, to speed up the production of food crops wherever this can be done, and to stop as many as possible of the leaks through which hundreds of millions of dollars' worth of edible products annually is wasted. Eleven million, three hundred and forty-six thousand, four hundred dollars, are made available for the work in the food production bill. This money is for emergency use in addition to the funds appropriated in the regular agricultural appropriation bill for the usual activities of the department. The bill also is distinct from the food control bill, a measure having to do chiefly with the regulation of the distribution of food.

Under the food production bill the department will extend the farm-help activities through which farm laborers and the farmers who most need them have been brought together during the present season. The third of the more important of the emergency projects to be carried out by the department is a quick survey of the food situation. This activity will be for the purpose of ascertaining as accurately as possible the condition of the country's food stores and the normal consumption, in order that such action as may be necessary to insure a sufficient supply may be taken intelligently. Farm stocks and supplies in retail stores and in the hands of consumers will be estimated, and stocks held by wholesale, jobbing, storing, manufacturing, and other commercial establishments will be enumerated. It is contemplated that the survey will be followed by monthly reports on several of the more important commodities and, if the emergency requires it, by another survey after an interval of perhaps six months.

In addition to the activities under

the projects mentioned, special work will be undertaken by many of the bureaus and offices of the department in the interest of increased production, and for the conservation, protection, and improved handling and marketing of crops and live stock. The Bureau of Animal Industry will seek to increase production of hogs and poultry, the two live-stock products capable of most rapid increase. The agents of this bureau also will locate surpluses of hogs in heavy producing areas and farmers in other sections of the country with good facilities for hog raising, in the effort to bring about more economical distribution of hogs. Efforts also will be made indirectly to increase animal production by combating animal diseases and pests, especially hog cholera, tuberculosis, and the cattle tick, which cause losses aggregating millions of dollars annually. The bureau also will endeavor to stimulate the increased production and utilization of dairy food; and will carry

on a campaign for the more general production of infertile eggs.

The Bureau of Entomology will extend its activities in the field to protect crops and live stock. It will assist in organizing communities for combating insect pests, both of crops and live stock.

Producers will be given advice by the Bureau of Markets regarding improved methods of packing and handling food products. The bureau also will extend its market news services to include grain, hay, and seeds, dairy and poultry products, and to cover more full vegetables and fruits and meats and meat products, and will assist in solving truck-marketing problems. These services will make public facts as to supply, demand, and movement of food products, intended to help in the elimination of the lost motion and economic waste existing in the marketing machinery of the country. The bureau also will help producers and consumers to form direct business relations through the parcel post.

Under the food production bill the department's work for the conservation of farm products, including live stock, will be greatly extended. The States Relations Service will add to its staff many county and city agents who will give instructions and demonstrations to all parts of the country in canning, drying, and the preparation of food products in other forms which will protect them against spoilage. The Bureau of Markets will seek to reduce losses due to faulty handling, packing, shipping, and marketing. The Bureau of Plant Industry will endeavor to arouse interest in the natural storage during the fall and winter months of semi-perishable products. Forces making for the conservation of live stock and animal products will be put into operation by the Bureau of Animal Industry. This work will include, as already mentioned, campaigns for the reduction of losses of eggs through faulty handling and from failure to produce infertile eggs, and movements to assist of eggs. In the latter work field agents of the Bureau of Animal Industry will bring together owners of surplus hogs and farmers having facilities for raising more hogs. This should result in the distribution of the surplus stock from regions of heavy animal production and expensive feed to parts of the country where animal industry is not well developed and where pasture and feed are relatively abundant and cheap. The bill also makes provision for the extension of other lines of the work of the Department.

## Duroc Hog Sale

Saturday, Aug. 25

## TO HOLD SCHOOL FOR TRACTOR OPERATORS

Purdue University Sees Need of Greater Use of Them Because of Shortage of Labor.

### TO DEMONSTRATE MACHINES

Indiana farmers are now confronted with many serious and complex problems. The U. S. government has made special demands that Indiana farmers plant approximately 3,000,000 bushels of wheat and that the rye crop be increased 35 per cent. At the same time the War Department is mobilizing a national army and taking from the farms many men which is reducing in a material way the farm labor. Through the demand for increased crops, the work increases while the mobilization of the army decreases the amount of available labor. The only way to overcome this trouble will be to use larger and better machines. Under this condition the farm tractor will play an important part.

More than 3,000 of these machines are now used on Indiana farms. The number will increase more than 2,000 in another year. It is important, therefore, that farmers who have these machines know how to operate them properly so as to secure the best service from them.

In order that help may be given to these people a farm-tractor school will be held at Purdue University, August 20-25, where special instruction and demonstrations with farm tractors, plows, seeding machines, etc., will be given. All persons interested should attend this school and secure assistance. The program is now complete and may be had upon application to Purdue.

The Misses Katherine Guffin and Lois Reeve entertained a coterie of girls last evening with a theater party, in honor of the Misses Katherine Hutchinson and Marjory Cundiff of Huntington, West Va. The girls enjoying the affair were Misses Dorothy Sparks, Marjory Thomas of Omaha, Neb., Mary Louise Poe, Katherine Wooden, Mary Louise Bliss, Esther Anderson, Dorothy Mulno and Dorothy Frazee. After the theater party, the girls, chaperoned by Mr. and Mrs. Will M.

Sparks, motored to the Green camp, northeast of town and were entertained with a wiener roast.

\* \* \*

Miss Dorothy Sparks entertained with a well appointed dinner party, yesterday at her home in North Main street. The affair was in the form of a farewell party for Luther Griffith and Vernal Dial, both of Huntington, West Va., who are commissioned officers and will leave in a few days for their training stations. The pretty table was laid for a four

course dinner and the plates were marked with candles, hooded with pink shades. The guests were the Misses Lois Reeve, Marjory Cundiff and Katherine Hutchinson of Huntington, West Va., Katherine Guffin, Dorothy Mulno and Luther Griffith and Vernal Dial.

\* \* \*

A number of neighbors and friends gathered at the home of Mrs. Henry Poe, Wednesday evening and surprised her, the occasion being her birthday. Summer flowers added their brightness to the pretty rooms. The only light in the dining room was shed by the candles, which lighted the large birthday cake. Dainty refreshments were served and the guests were Mr. and Mrs. John Snider and daughter, Mr. and Mrs. Richard Abernathy and daughter, Mr. and Mrs. H. G. Sampson, Mr. and Mrs. G. R. Treadway and son, Mr. and Mrs. Harry Lucas and family and Mr. and Mrs. Henry Frese.

\* \* \*

Mrs. Lee Thomas of Warsaw, Mrs. C. C. Lyon of Columbus, O., the house guests of Mrs. Vern Norris, and Mrs. Leonard Roberts of Indianapolis were the guests of honor, yesterday afternoon, when Miss Mary Amos entertained the members of the S. E. T. Embroidery club at her home in North Perkins street. The pleasant afternoon hours were whiled away over needlework and dainty refreshments were served by the hostess. Mrs. Ned Abercrombie will entertain the club in two weeks.

\* \* \*

Mrs. Vorhees of Lockland, O., the house guest of Mrs. Zula Clawson, Miss Katherine Kirbyshire of Petersburg, Fla., the guests of Mrs. J. M. Amos and Mrs. George Thomas were the guests of honor at the regular meeting of the Happy-go-Lucky club yesterday at the home of Mrs. George Looney, in North Main street. During the afternoon the ladies knit and sewed for the Red Cross and a one course luncheon was served late in the afternoon.

\* \* \*

The Misses Helen Matlock, Lillian Priest, Helen Thomas and her guest Marian Mann of Newcastle, Margaret and Joan Weakley, Magdaline Arbuckle and Helen Beabout, Frank Muire, Cyril Arbuckle, Raymond Vredenburg, Harold Miller, Glen Ruddle and Meryl Winkler formed a party last evening and went to the Dagler woods west of Rushville and enjoyed a wiener roast and a pitch-in supper.

\* \* \*

Miss Helen Thomas entertained a number of girls with a picnic today, in honor of her house guest, Miss Marian Mann of Newcastle. The girls took their dinner and went to the Frame woods east of the city. The guests were: Phyllis Casady, Josephine Scholl, Marguerite Kelly, Helen Thomas, Marian Mann, Jean Sparks, Reba Beale, Leatha Higgins, Janet Dean and Marjory Clark.

\* \* \*

Mrs. Derby Green was the charming hostess to twenty-two members of the Emanon club, yesterday afternoon at her home in North Main street. Needlework and knitting were features of the afternoon and the service of tempting refreshments concluded the meeting. The club will meet with Mrs. Lowell M. Green in two weeks.

\* \* \*

Mrs. Russell Bearinger was hostess to seven members of the Yomo club yesterday afternoon at her home in North Perkins street. The guests spent a pleasant afternoon over needlework and the hostess served delectable refreshments. Mrs. Claud Smith will entertain the club in two weeks.

\* \* \*

The order of Red Men of Orange held a picnic in Reed's Grove near there yesterday. The members of the lodge and their families enjoyed the day, which was spent with various outdoor festivities. At noon a sumptuous pitch-in dinner was served.

\* \* \*

Three tables of Bridge were entertained by Mrs. Walter Hubbard, yesterday afternoon at her home in West Second street. After the engrossing games of cards, the guests were served with sumptuous refreshments. Mrs. Ben Humes will be hostess to the club in two weeks.

\* \* \*

Mrs. Ida Srigzen and daughter Miss Ruth of Indianapolis were the dinner guests of Mr. and Mrs. Willard Amos and daughter Miss Mary today at their home in North Perkins street.

Mr. and Mrs. Louis Hiner entertained a number of young people with a pitch-in supper last evening at their home in North Willow street. The guests were: Mr. and Mrs. Bruce Beck, Mr. and Mrs. Theodore Abercrombie, Mr. and Mrs. Gibson Ross, Mr. and Mrs. Knowles Casady and their house guest, Miss Mildred Dungan of Shelbyville, Mr. and Mrs. Charles Frank, Mr. and Mrs. Roseo Ward, and Mr. and Mrs. Walter Hall of Shelbyville.

\* \* \*

Five members of the S. S. C. club met with Miss Ava Ging yesterday afternoon at her country home northeast of the city. Crocheting and needlework were the main features of the afternoon, and the hostess served refreshments at the close of the meeting.

\* \* \*

Mahoning Council No. 36 will have their regular meeting this evening and as business of importance is to be transacted, every member is urged to be present.

\*\*\*\*\*  
With The Churches  
\*\*\*\*\*  
Sunday school will be held at 9:30 o'clock Sunday morning at the First Baptist church and there will be preaching at 10:30 a. m., and 7:30 p. m., by the Rev. C. J. Bunnell of Elwood, who has accepted the call to the local pulpit. He will begin his work here officially the first Sunday in September.

+A home coming, all day meeting and basket dinner will be held at the New Salem Methodist church Sunday. The Revs. J. T. Seull, George B. Walls, W. M. Whitsitt of Rushville. J. E. Murr of Milroy and others will have a part in the day's services. Dinner will be served at the school building. The Rev. U. G. Abbott is the pastor.

+Sunday school will be held at the First Presbyterian church Sunday morning at 9:30 o'clock, but there will be no morning or evening church services on account of Dr. D. Ira Lambert being away.

The Willing Workers will meet with Mrs. Ross Friend Thursday. They will also provide dinner at the Kennedy sale August 20.

Roland Morris and a crowd of boys are spending the week camping near Milroy.

Miss Louise Sipe has returned from Madison, Ind., where she has been attending Hanover college.

## FOOD SITUATION IS BETTER THAN EVER

Premier George Makes Pointed Answer to Germany's Hope of Starving England

### WHEAT FAR ABOVE LAST YEAR

(By United Press.)

London, Aug. 17—Pointed answer to Germany's hopes of starving out England through the submarine campaign was given by Premier George when he announced Thursday that the food situation was now better than it has been for a long time.

"The stock of wheat now on hand is 16,000,000 bushels above that of last year," the premier told the house of commons. "England's food position is better than in many years."

### WILL BE SENT TO FRANCE

(By United Press.)

Washington, August 16.—More than 2,000 graduates from the first series of officers training camps have been assigned to go to France. They will receive further intensive training there and ultimately fill up gaps caused by promotions or casualties.

## URGES MORE USE OF CORN MEAL

Practical Advice on Methods of Preparing Appetizing Dishes Given by Barnard

### SEVERAL RECIPES ARE GIVEN

Declares Best Method to Conserve Wheat Supply is to Substitute Other Grains

Indianapolis, Ind., Aug. 17.—Practical advice to Indiana housewives on methods of substituting corn meal for flour in preparation of appetizing table dishes were given to the United Press today in a statement by Harry E. Barnard, Indiana food commissioner. His statement follows:

"Use more Corn meal" has been dinned into the ears of cooks and consumers for nearly a year and every day the necessity for following that excellent advice becomes greater. After we have cut down every waste of wheat in the home and at the bakeshop; when we have learned how to use barley, rye and oat flour in place of wheat, we shall still have less wheat than we need at home after we have supplied the absolute necessities of our allies in Europe.

The following excellent recipes for corn meal products should be tried and tried again until the dishes become popular at the table and the methods of preparing them the ordinary routine of kitchen work.

### FALLS FROM AN AUTOMOBILE

Postmaster G. P. Hunt Breaks Two Bones in Left Arm

The two bones in Postmaster G. P. Hunt's left arm were broken, just below the elbow, last night when he tripped and fell as he was getting out of Walter Hubbard's car. The accident occurred southwest of Rushville. The fracture was reduced by a Shelbyville physician but this morning Mr. Hunt was taken to Connersville by Dr. J. C. Sexton for an X-ray examination. The same arm was broken just above the wrist when he was a boy and the bone was not set right.

#### Corn Meal Biscuits

1 cup white flour; 1 cup corn meal; 4 teaspoons baking powder,  $\frac{1}{2}$  teaspoon salt, 2 tablespoons lard or fat,  $\frac{1}{4}$  cup of milk.

Method: Sift the flour before measuring. Sift again with baking powder and salt. Cut in the fat with two knives (half butter and half lard in a good combination). Add the liquid quickly. Roll lightly on floured board to  $\frac{1}{2}$  inch in thickness. Cut, moisten the top with milk and bake 12 to 15 minutes in a hot oven.

#### Corn Meal With Fish Cakes

2 cups cold white corn meal mush; 1 egg; 1 cup shredded codfish; 1 tablespoon butter.

Method: pick over the codfish and soak it to remove salt, if necessary. Combine the ingredients and drop by spoonfuls into hot fat. Drain on porous paper. These codfish balls compare very favorably to taste with those made with potato and are more easily and quickly prepared.

#### Corn Meal Rolls

14 cups wheat flour;  $\frac{1}{2}$  cup corn meal; 3 teaspoons baking powder; 2 tablespoons butter; 1 egg;  $\frac{1}{2}$  cup milk; 1 teaspoon salt.

Method: Sift together the flour, baking powder, and salt, and mix with the meal. Rub the butter into the dry ingredients. Beat the egg, and the milk, and add this mixture to the dry ingredients. Add more milk if necessary to make soft dough. Roll out on a floured board handling lightly. Cut with a round biscuit cutter, fold like Parker House rolls, and bake in a quick oven.

#### Golden Corn Cake

$\frac{1}{2}$  cup corn meal;  $\frac{1}{2}$  cup flour;  $\frac{1}{2}$  cup sugar; 4 teaspoons baking powder;  $\frac{1}{2}$  teaspoon salt; 1 cup milk; 1 egg; 1 tablespoon melted butter.

Method: Mix and sift dry ingredients; add the milk and beaten egg and butter. Bake in a shallow pan 20 minutes.

#### Indian Pudding

5 cups milk; 1 teaspoon salt;  $\frac{1}{2}$  cup corn meal; 1 teaspoon ginger;  $\frac{1}{2}$  cup molasses.

Method: cook milk and meal in double boiler 20 minutes, add molasses salt and ginger; pour into buttered pudding dish and bake 2 hours in slow oven; serve with cream.

### FIELD EXAMINERS TO LEAVE

Examine Books of 25 Offices of County, Townships And City

The field examiners for the state board of accounts, Earl Morris and Louis I. Ahlering, who have been here for the past two months examining the books of the county, city and township offices, will complete their work tomorrow. In all close to twenty-five offices were examined. It is understood that the reports of the examiners will disclose nothing of a sensational matter in regard to the condition of the various offices and there were no shortages.

## MRS. JAMES KEATING EXPIRES HERE TODAY

Succumbs at Her Home in East Fifth Street of a Complication of Diseases

### LEAVES 2 SONS AND HUSBAND

Mrs. Catherine Keating, 73 years old, wife of James Keating, died this morning at 1:20 o'clock at her home, 227 East Fifth street, following a long illness from a complication of diseases. Mrs. Keating had been in ill health for the past five years and her death had been expected.

Besides her husband she is survived by two sons, John Keating and Thomas Keating, both of this city.

The funeral services will be conducted Monday morning at eight o'clock in St. Mary's Catholic church by the Rev. M. W. Lyons and burial will take place in Calvary cemetery.

### WILL TEACH DRAMATIC ART

Jess Pugh is in Boston Studying for New Work in Kansas City

Jesse Pugh is in Boston studying to prepare for his new duties as instructor in dramatic art in the Redpath Lyceum Bureau school at Kansas City. Mr. Pugh will take up his new work about the first of next month and Mrs. Pugh and family will leave here September 6 for their new home. Mr. Pugh will have about six weeks on the Lyceum stage in the winter and several weeks during the summer on the chautauqua platform. The remainder of the time he will be engaged training Redpath talent and organizing companies.

Golden Corn Cake

$\frac{1}{2}$  cup corn meal;  $\frac{1}{2}$  cup flour;  $\frac{1}{2}$  cup sugar; 4 teaspoons baking powder;  $\frac{1}{2}$  teaspoon salt; 1 cup milk; 1 egg; 1 tablespoon melted butter.

Method: Mix and sift dry ingredients; add the milk and beaten egg and butter. Bake in a shallow pan 20 minutes.

#### Indian Pudding

5 cups milk; 1 teaspoon salt;  $\frac{1}{2}$  cup corn meal; 1 teaspoon ginger;  $\frac{1}{2}$  cup molasses.

Method: cook milk and meal in double boiler 20 minutes, add molasses salt and ginger; pour into buttered pudding dish and bake 2 hours in slow oven; serve with cream.

## URGES ACTION ON COAL SITUATION

State Council of Defense Calls on President Wilson For Prompt And Effective Relief

### 4,000 PAIRS OF SOCKS KNIT

Evans Woolen Reports They Will be Distributed Among Indiana Soldiers in New Army

Indianapolis, Aug. 17.—Resolutions urging President Wilson to take immediate action under the newly enacted federal statute giving him authority "to secure prompt and effective relief," from the coal situation which is believed to be "most serious," were adopted by the Indiana State Council of Defense, at its meeting this week at Hazelden farm, the country home of George Ade, near Brook, Ind. The special committee sent by the council to the Chicago conference of representatives of coal producing states was instructed to urge upon the conference the adoption of a resolution of similar purport.

Evans Woolen reported to the council that the distribution of 4,000 pairs of socks knit by Indiana women, had been arranged with General Edward Glenn, to go to the Indiana soldiers now about ready for the national army mobilization.

While the council of defense was meeting in Mr. Ade's pavilion, the committee on food production and distribution met in the golf club house, a few hundred feet away, the guests of Warren T. McCray.

The food production committee arranged for a meeting of representatives of the United States Department of Agriculture, agricultural college experts and representative farmers from six states, at the Claypool hotel, Indianapolis, next Monday and Tuesday. At this time the matter of providing sufficient seed to provide for increased crops next year will be surveyed and plans made for assisting where help is needed. Dr. R. A. Pearson, assistant secretary of Agriculture, W. A. Taylor, head of the bureau of plant industry, and Dr. Smith of the states' relations' service will represent the federal government at the conference.

The matter of legislation directed against sheep killing dogs was referred to a committee headed by Vill S. Robbins, of Horace, Ind. The committee is now compiling statistics on this subject which will be referred to the state legislature.

W. W. Bonner, of Greensburg, chairman of the agricultural committee of the Indiana Bankers' Association will shortly call a meeting of his committee with the live stock section of the food production committee and plan the promotion over the entire state of fine live stock shows and contests.

Prof. G. I. Christie, G. H. Bryant,

### 32 NAMES CERTIFIED TO DISTRICT BOARD FROM HERE

Continued from Page 1.  
From in Richmond, W. Va., but so far has never put in an appearance before the board.

The third man is Levi Crull, Jr., who is employed as a brakeman in South Dakota. Crull either misunderstood the law, or did not desire to follow it for he wrote for permission to be examined there many days after the time limit. Under the rules the local board had to certify him as being ready for service. The board takes the position that it has enough to worry about and Crull can take the matter up with authorities high up if he wants to push his case.

The fourth man, who has not appeared for examination is Forest Ricketts, formerly a member of Company B, who was transferred to Company L Fourth Regiment in Indianapolis. Ricketts failed to file his claim for exemption by reason of being in military service and in order to dispose of his case, his name was sent to the district board.

Thus far the local board has escaped without any criticism. The board has tried to be fair in its findings and this fact is generally appreciated by the public. The board has been liberal and at the same time complied with the law. In some places the board have been criticized but the local board has escaped this, greatly to the pleasure of the members.

state agent of crop estimates, P. E. Goodrich of Winchester, Marshall Vogler, of Hope, and J. N. McMahan, of Liberty, were named a committee to assist in the selection of seed stocks.

Classes 5 and 6 of the Arlington Christian church Sunday school

will give a lawn fete and band concert on the church lawn, Saturday night, August 18.

133t1

### NOTICE

Of Proposed Tax Levies in Washington Township for the Year 1917.

## C. I. & W. WATER TANK COLLAPSES

Foundation Gives Away and Large Basin is Crushed by Weight of 47,000 Gallons of Water

### SHORTLY AFTER TRAIN PASSES

Westbound Passenger is Detained Short Time While Wreckage is Cleared Off Track

With a roar that could be heard for a mile, the large water tank on the C. I. & W. railway east of the city, collapsed last evening at 6:20 o'clock and under the weight of 47,000 gallons of water was completely wrecked.

The tank collapsed shortly after the evening eastbound passenger train passed and only a few minutes before the arrival of the passenger train from the east. It is believed that the vibration from the train that passed only a few minutes before the crash aided in weakening the already wobbly foundation.

The tank was completely wrecked, all the heavy timbers being battered to splinters. The debris fell across and on both sides of the track. Even the heavy timbers used in supporting the huge tank were splintered.

Fortunately no one was at the tank at the time. Some fishermen near the scene heard the crash and notified the section men. The westbound train was stopped before reaching the scene and was held until the wreckage was cleared sufficiently to let the train pass. Frank Heflin, the engineer, completed filling the tank at two o'clock yesterday afternoon. At that time the tank had 47,000 gallons of water in it and when the foundation gave way the rush of water could be heard for a great distance.

It had been known for some time that the foundation was weakening but the railway officials did not think the condition was dangerous. The pumping station adjoining the tank was not damaged, although the place was flooded.

The tank was an old one. It was stated that about the only repair made at the tank within the past nine years was the replacing of the hoops around the tank. Railway officials were here today looking over the wreck and work on a new tank will likely start in a few days.

Had the tank collapsed during the noon hour it is likely that three

Continued on Page 2.

## SANITARY UNIT MAY GO TO FORT HARRISON

Possibility of Men Being Ordered There When Other Units of Fourth Regiment Move

### SCHEDULED TO CHANGE 27TH.

It is possible that the sanitary detachment of the Fourth Indiana Infantry regiment will be ordered to report at Fort Benjamin Harrison a week from next Monday, at which time other units of the Fourth Regiment and other Indiana guard companies, which are now in training at the state fair grounds, will be moved to the fort.

From authoritative sources it is learned that the guardsmen now at the state fair grounds will be moved to Fort Harrison a week from Monday and it is presumed that the sanitary detachment will be stationed with the other units of the Fourth when the change is made. Frequent rumors have been circulated about the sanitary detachment being moved from here, but Major Carey said more than a week ago that he was going to keep the men here as long as possible.

All Knights of Pythias are requested to meet at the Castle Hall Sunday afternoon at 1:30 to attend the funeral of Morris Maxey.

## WORKING 4 WEEKS ON BOX FOR FRANCE

Will Make Shipment of Hospital Garments Some Time Next Week — Many Other Things Made

### MAKE 50 ARTICLES A WEEK

The Milroy auxiliary of the Red Cross has been working for four weeks to complete a box of hospital garments for shipment to France. They will have the entire box ready for packing and inspection by the middle of next week.

The Milroy women have made many other hospital garments besides the ones which will be assembled in this shipment. They have also made dozens of pillowcases and sheets and now have on hand nearly one hundred of these which are ready to be returned to Rushville for shipment from here.

The Milroy auxiliary meets twice a week and lately has had an average attendance of twenty women each day. They complete about fifty articles a week.

## RUSH COUNTY TO SUPPLY 300 SETS

Red Cross Receives Definite Allotment of Knitting Work That is to be Done at Once

### TO CLEAR DECKS FOR ACTION

Knitters Are Asked to Complete Work on Hand and Prepare For Task That Lies Ahead

The Rush county chapter of the Red Cross has received definite word of what is expected of Red Cross workers here in the work that is about to be started by the American Red Cross to answer the appeal from France for 1,500,000 knitted sets, comprising sweaters, mufflers, wristlets and socks.

The Rush county chapter has been allotted the making of three hundred sweaters, three hundred mufflers, three hundred pairs of wristlets and three hundred pairs of socks. Full instructions as to how to proceed will follow in two days, local Red Cross officials are informed.

The officers of the Rush county chapter urged today that the decks be cleared for speedy action. Red Cross knitters are asked to finish all knitting work on hand so as to be ready for the big task that is to come. It is felt sure by everyone that Rush county will do her part in making good on this appeal for help.

The American Red Cross has urgent call from Major Grayson Murphy, commissioner of Red Cross in France, for enormous quantities of knitted woolen articles. The following cablegram has been received from Major Murphy.

"Last winter broke record for cold and misery among people here. Inexpressible dread of coming winter, finding us without supplies to meet situation, urge you on behalf of our soldiers and those of our allies who will suffer in their frozen trenches, and also thousands of French and Belgian refugees and repatriates being returned through Switzerland to France. Every one here looks to America to begin shipping at once one million five hundred thousand each of warm knitted woolen articles already requested. They must come before cold weather and in view of shortage of fuel and other discomforts they will be of incredible value in both military and civilian work."

All Knights of Pythias are requested to meet at the Castle Hall Sunday afternoon at 1:30 to attend the funeral of Morris Maxey.

## NEXT SOCIAL AT CARTHAGE

Arrangements Made With Christian Church For One Tuesday

Arrangements have just been completed for the next of the series of community socials which will be held at Carthage next Tuesday evening. The Carthage Christian church will co-operate with the Rushville merchants in conducting the festival. The Odd Fellows band will play and a man from here will speak.

Great plans are being made for the one to be held at Plum Creek Friday evening, August 31 following an all day meeting of the county Sunday schools.

## MAY BE SENT TO FRANCE

Dr. C. J. Tucker Attached to First Indiana Artillery at Present

Dr. C. J. Tucker may be the first Rush county physician to see service in France. He has been in training at Fort Benjamin Harrison for several weeks and had been expected to be sent to Hattiesburg, Miss., where the Indiana Kentucky National Guard will be mobilized. But word has been received here that he is at present attached to the First Indiana Artillery, which has been ordered to proceed to France and will leave soon. If he is not differently assigned, he will likely see early service in France.

## ASKED TO WATCH FOR BANK ROBBERS

Chief of Police Yakey Receives Call From New Palestine at Four O'clock This Morning

### SEE SUSPICIOUS CHARACTERS

Chief of Police Yakey was notified this morning at four o'clock that vagrants had blown the safe of the New Palestine bank and robbed a New Palestine store last night and escaped. No description could be given of the robbers except that there were two of them and one carried a bag.

Two suspicious characters were seen in a restaurant this morning about eight o'clock. The chief of police heard that they apparently had been up all night, had plenty of money and that one of them carried a bag.

No attempt was made to follow the robbers from New Palestine, it is said. A few years ago the New Palestine bank was robbed and the thieves escaped on a handcar.

## LEGISLATURE TO MEET AUGUST 27

Governor Goodrich Will Issue Proclamation Tomorrow Calling a Special Session

### COAL LEGISLATION IS FIRST

Bill Providing For State Constabulary is Regarded as of Next Importance

(By United Press) Indianapolis, Ind., Aug. 17.—Governor James P. Goodrich will issue a proclamation tomorrow, calling the Indiana legislature into extraordinary session on Aug. 27 to legislate against "outrageous coal prices." This fact was learned from authentic sources today. The governor, however, withheld formal announcement of his plans.

The exact program to be carried out by the legislature and the length of the session remains a matter of conjecture. The program will be definitely determined late today at a conference between the governor and the leaders of both branches.

Governor Goodrich made no secret today of his intentions to go before the special session with a coal bill that not only will arbitrarily fix "reasonable prices," but also will permit an embargo on the Indiana product to protect the interests of consumers within the state.

Aside from coal legislation it developed today that the governor considered a bill providing for a state constabulary, such as exists in Pennsylvania to be next in importance.

The calling of the Indiana national guard into federal service has left the state without protection from plots, and the governor believes the emergency legislation is required to provide protection.

Strong pressure has been brought to bear upon the governor from many sources for weeks past in favor of the extraordinary session. In addition to action in the coal situation, it is practically certain that the legislatures will be asked to provide for a vote of the people on the constitutional convention question will be asked to widen the scope of the state council of defense by giving legal standing to its actions; to provide funds to carry on the state's war work for at least another year and to provide wage increases to day laborers in the employ of the state.

Other matters of importance probably will be considered also. Before reaching a definite decision

## AIR OF EXPECTANCY ABOUT CAMP WOLFE

While no Definite Order to Leave Has Come, Men Will Not be Surprised When it Arrives.

### ARLINGTON SENDS DONATION

Lieut. Weldon Brann Puts Men Through Long Signal Drill—Visitors Coming Sunday.

Camp Edward H. Wolfe, Aug. 17. Despite no definite word regarding when Company B will leave for Hattiesburg, Miss., there is an air of expectancy prevailing at the camp and the men will not be surprised when the order does come. The air of expectancy has existed for the last two days and inability to obtain any definite information only tends to increase the uncertainty of the situation.

As a result friends of the men are calling at the camp daily, half expecting that the company will be gone by the time they get back to see them the next time. Sunday afternoon will be observed as a visiting day at the camp and a large crowd is expected. This will be one of the few remaining days on which to visit with the boys.

The company is indebted to the people of Arlington for fourteen bushels of fine potatoes received in camp this morning. Dr. Finlaw of Arlington was responsible for getting the donation for the company and the mess sergeant and members of the company greatly appreciate the gift.

Second Lieutenant Bridwell, who was assigned to the company has never put in an appearance and the company officers believe he will not join the unit until the start to Hattiesburg is made.

This afternoon Lieut. Weldon Brann, who has been assigned to the 46th Infantry at Fort Harrison, put the men through a long signal drill and demonstrated the use of the semaphore. The usual routine was followed today.

The men will not likely get their second serum treatment for typhoid until the first of next week.

## CONNERSVILLE TO HELP CO. B MESS FUND

Col. Hawkins Unable to do Any Work and Refers it to Commercial Club

### REST OF FLAG FUND IS DIVIDED

S. L. Trabue, chairman of the committee raising Company B's mess fund has received a letter from Col. Ned Hawkins of Connorsville, on the military staff of Governor James P. Goodrich, saying that he had been called to Washington and that he was unable to raise Connorsville's share of the mess fund. Col. Hawkins says, however, that the question will be taken up with Connorsville Commercial Club and that Connorsville will do its part.

Chairman Trabue has acknowledged the receipt of eighty dollars for the mess fund which was raised at Greensburg by State Senator Lem P. Dobyns. There are several Delaware county boys in the company.

A. B. Irvin, who raised the money for the Company B flag fund, has prorated the balance of the fund, after the flag was purchased, between the mess funds of the company and the sanitary detachment. There was \$36.16 left, \$30 going to Company B. and \$6.16 to the sanitary detachment.

An ice cream social will be held in the G. A. R. hall at Andersonville next Friday night for the benefit of the Sunday schools of Andersonville.

## Record Breaking Non-Stop Run

Successfully enduring one of the most grueling and exacting tests to which an automobile was ever subjected, an OLDSMOBILE Model 37, six cylinder, stock car has broken all previous records for endurance and continuous high motor efficiency.

For 47 consecutive days and nights, it was mounted on jacks and harnessed to a 17-kilowatt dynamo, giving the car a load equivalent to climbing a 10½ per cent grade and requiring an actual and continuous expenditure of 22 horse power.

Mayor Curley, in the presence of a host of newspaper men and official observers, pressed the starter and threw the clutch that marked the beginning of the unprecedented run.

Staged in the spacious show windows of the Oldsmobile Company of New England, at Boston, Mass., the car patiently plodded along without a single stop, for 1128 hours, running 26,149 miles, at an average speed of 23.17 miles per hour, and traveled 22.49 miles per gallon. It was a regular stock model, a new car, and was without special adjustment.

A flood of light generated by the dynamo demonstrated day and night that the car was doing its work. When the best previous non-stop record had been eclipsed by 4,127 miles, the car was stopped by the official observers. The run attracted scores of technical men and expert mechanics, who showered the Oldsmobile distributors with compliments on the brilliant achievement, which added such a remarkable triumph to the laurels of the Oldsmobile Six.

FOR RELIABILITY OF PERFORMANCE, ECONOMY AND ENDURANCE.

##### GUARDSMEN FROM NEW ENGLAND TO GO

Second "Rainbow Division" Will Leave For France As Soon As Transports Are Available

##### MAJOR EDWARDS TO COMMAND

(By United Press.)

Washington, Aug. 17.—A second "rainbow division"—composed of national guard troops from each New England state will soon go abroad. It will leave with the first rainbow division.

Supplies are being gathered for both divisions and the rapidity with which these are collected and the availability of transports will determine the time of leaving.

Major General Clarence Edwards, commander of the northeastern department will be commander of the second division.

##### FINISHES PROBE OF STEEL

Federal Trade Commission Ready to Report to President

(By United Press.)

Washington, Aug. 17.—The federal trade commission has completed its investigation into the cost of steel production in the United States. It will submit its report to President Wilson within a very few days. President Wilson is expected to fix a price on all steel products immediately, based on the finding of the commission.

Mrs. Walter Perkins, who has been ill at her home in North Hannah street, was somewhat improved today.

## DISCUSS POPE'S PEACE PROPOSAL

Members of Cabinet Voice Views on Plan Suggested From Vatican To End War

### STATEMENT EXPECTED SOON

By CARL D. GROAT  
(U. P. Staff Correspondent).

Washington, Aug. 17.—President Wilson's cabinet will voice its views on the pope's peace plan at today's cabinet session. That the tenor will be for rejection is undoubtedly. There is a strong disposition, however, to have the president make America's position and aims in the war unmistakably clear.

The president will probably deliberate a few more days before making an announcement of his position.

The allies now dependent on the United States for physical and financial aid are virtually compelled to follow his course. Conferences with the allied governments have been going on for several days.

### Days Pickings

Mrs. Will McBride is suffering with a severely sprained ankle at her home in West Ninth street.

The Concrete Silo company has filed suit against Joseph E. Hardin on a note demanding \$325.

Charles Winship, a prominent Walker township farmer is ill with fever at his home near Manilla.

A marriage license was issued yesterday to George Lux of Connersville and Hazel Tyner of this city.

Harley Austen, son of Edward Austen, is recovering rapidly from the effects of an operation performed in an Indianapolis hospital a few weeks ago to correct a deformity in one of his feet caused by infantile paralysis when he was four years old.

### C. I. & W. WATER TANK COLLAPSES LAST NIGHT

Continued from Page 1.  
or four men would have been killed. The section men and the engineer have been in the habit of eating dinner under the tank and so suddenly did the crash come that there would have been no escape.

### "FATS" WIN GAME.

The baseball game between the "Fats" and "Leans" at the Norris family reunion yesterday resulted in a victory for the "Fats," the score being 14 to 2. Jake Parrish was the captain of the winning team while Bert Norris headed the slim delegation. Judge Sparks was the umpire and fortunately got by with only a few close decisions.

### POPE IS DEPRESSED

(By United Press.)

Rome, Aug. 17.—Pope Benedict is reported to be greatly depressed over the general unfavorable reception accorded his appeal for peace. The pontiff is said to be spending most of his time in his apartment alone.

### PRO-GERMAN, IS CHARGE

(By United Press.)

Washington, Aug. 17.—The senate military affairs committee today held up confirmation of Col. Carl Reichmann, newly appointed brigadier-general to the national army, to investigate a charge he made pro-German utterances.

### HONOR BARBER VOLUNTEERS

The Rushville barbers union honored two of its members who have joined the medical detachment with a banquet at Madden's restaurant last night. The guests of honor were Scott Conde and Sam Gutheman.

### Suspicious

His wife: "Charles, dear, you are growing handsomer every day."

Hubby: "I'm sorry, Isobel, but I am rather hard up at present."

Life.

### Fearful

Observer—I noticed that you got up and gave that lady your seat in the street car the other day.

### MORRIS MAXEY, 59, DIES AT HOME HERE

Painter by Trade and Employed For Many Years at I. & C. Car Barns Widow and Son Left.

### FUNERAL SUNDAY AT 2 P. M.

Morris A. Maxey, 59 years old, a well known resident of this city, died last evening at five o'clock at his home, 225 West Fourth street. Mr. Maxey had been in ill health for many months and his death, while expected, came as a shock to a large circle of friends and relatives. Mr. Maxey was a painter by trade and for several years had worked at the I. and C. car barns. He was a member of the Knights of Pythias lodge at Connersville.

He is survived by his widow and one son, Leon Maxey of Indianapolis. He is also survived by one brother, James Maxey of Mattoon, Ill., and one sister, Mrs. Frances Ottinger of this city.

The funeral services will be conducted Sunday afternoon at two o'clock at the late residence and burial will take place in the Milroy cemetery. The services will be in charge of the Knights of Pythias.

### DATES ARE CHANGED AGAIN

(By United Press.)  
Washington, Aug. 17.—Provost Marshal General Crowder today again changed the date for entraining the first 687,000 troops in the national army. Thirty per cent will go September 5; thirty per cent September 19 and thirty per cent on October 3. The last ten per cent will leave later in October.

### HARRIE JONES WINS 2 SECONDS THURSDAY

Finishes in Money With Golden Axworthy and Yace G. at the Henry County Fair

### BILLY JACKSON FAILS TO WIN

Harrie Jones won two seconds at the Henry county fair races at Newcastle yesterday. He took second with Yace G. in the 2:14 trot and the same money in the 2:17 trot with Golden Axworthy. A mistake was made yesterday in stating that Mr. Jones was driving Orator Brooks in the 2:24 pace Wednesday. Rushville people at the Newcastle fair yesterday reported that John Rhodes failed to win the 2:24 pace, which was started Wednesday and finished yesterday. He was driving

Billy Jackson, a Rush county colt which belonged to Laughlin of Washington township and was purchased by John Rhodes last fall after the splendid showing the horse made in the county road pace at the fair here.

### CATHEDRAL IS MASS OF SMOKING RUINS

Beautiful Structure in St. Quentin Meets Same Fate as Rheims at Hands of Germans.

### CITY COMPLETELY SACKED

By HENRY WOOD  
(U. P. Staff Correspondent)  
With the French Army, Before St. Quentin, August 17.—The beautiful St. Quentin Cathedral today is a smoking mass of ruins, a duplicate of its sister Cathedral of Rheims. It is the latest victim of German destruction.

Beyond the cathedral may be seen the smoke of numerous villages curling into the sky. The fury of German destructiveness is again asserting itself. While the burning and looting resembled that which preceded the German retreat in March there are no indications that the enemy is preparing to evacuate the territory in this region immediately.

Recently captured German prisoners declare St. Quentin has been completely sacked. Everything of any value has been carried off. All that could not be carried has been destroyed.

### TO REPEAT ITALIAN NIGHT

The Italian program, which was given Tuesday night, will be repeated tonight by special request at the all nations carnival which is being held at the Second M. E. church this week. Many white people attended the carnival last night. A parade down town in Ray Lakin's motor truck was held last night preceding the carnival.

### BOYS TOURNEY OPENS

Indianapolis, Ind., Aug. 17.—Preliminary to the start of the annual open state tennis tournament here next Monday, the boys' open tennis tourney got under way today. Boys under 16 years are allowed to enter. The junior tournament—for boys of 19 years or under—will start Friday and conclude Sunday. Big fields are entered in each class.

### CAMP WOLFE HAS A JOKE ON A CORPORAL

Hartford Sallee of Greensburg Gives Command to Halt But Tramping Does Not Cease

### GETS LIGHT AND IT'S A COW

Camp Edward H. Wolfe, Aug. 17.—The boys today are telling a good one on Corporal Hartford Sallee of Greensburg. Corporal Sallee was on guard duty last night in an exceedingly dark part of the camp, when he heard strange noises and the steady tramp, tramp of someone approaching. Sallee called out the usual command to halt, but still the walking continued. The corporal continued to shout halt and at the same time demanded to know who went there.

The corporal is a brave man, but he didn't like the dark and was just a little bit uneasy. As a last resort he rushed to headquarters after a light and this of course aroused the curiosity of some of the other men. By the time Sallee got back to the scene he had quite a crowd following at his heels.

When he turned the searchlight in the direction from which the sounds were coming he discovered one of Bill Dugan's cows calmly chewing her cud and the yell that went up from the onlookers could have been heard in Rushville.

### LEGISLATURE WILL MEET ON AUGUST 27

(Continued from page 1.)  
sion to call the legislature, the governor summoned Republican and Democratic leaders of the last session, with the French Army, Before St. Quentin, August 17.—The beautiful St. Quentin Cathedral today is a smoking mass of ruins, a duplicate of its sister Cathedral of Rheims. It is the latest victim of German destruction.

Goodrich is known to believe that an excise tax law should be included in the legislative program of the extra session. The budget system, also, he will ask to have considered, while the general subject of taxation reform probably will be presented.

Additional appropriations for some state institutions probably will be asked.

Action of the state supreme court in holding unconstitutional Indiana's state oil inspection law, since adjournment of the last session, probably will mean legislation to replace the old act. Governor Goodrich is known to believe that the oil inspection act defeated by the last legislature, should be resurrected, and passed.

The length of the special session, of course, is uncertain, but politicians at the state house today expressed the opinion that a legislative program that would require at least 60 days work would be presented.

Governor Goodrich's idea regarding the coal problem probably will be outlined in great detail in his message to the legislature. He is known to believe firmly that the Indiana consumer should not pay more than \$2.50 a ton for domestic lump coal, or more than \$2 a ton for the run-of-mine product. He believes that these prices would insure fair profits to the operators, basing his contention on figures showing a production cost of approximately \$1.48 for the operators. The governor believes, should be content with a net profit of 20 cents a ton.

#### The Wheat Program

The intensive campaign that is being conducted throughout Indiana as well as in the nation for a larger wheat acreage is calculated to result in the production of one billion bushels of wheat next year. The "drive" is on now. A lecturer from the Purdue extension department spoke on this subject last week.

If the campaign meets with as great success as did the campaign last spring for a greater corn acreage, it will be worth while because the corn crop this year promises to be the equal if not greater than any corn crop in the history of the United States.

Nothing will induce farmers to plant a large crop of any grain like high prices. Prospect of good money for corn last spring was the thing which led many farmers to plant more corn than usual. The guarantee of a minimum price of two dollars a bushel for wheat, contained in the food bill, will be the one stimulant, if the farmer is not inspired by patriotism and a desire to serve his country, which will bring about a large acreage of wheat.

The program for the nation is one billion bushels for domestic use and export and over eighty-three million bushels of rye, as outlined by the secretary of agriculture. It is expected that the goal will be accomplished through the planting of 47,337,000 acres to winter wheat and 5,131,000 acres to rye this fall.

This record winter wheat acreage, an increase of eighteen per cent over last year, would yield 672,000,000 bushels if the average yield for the last ten years is equalled, or under a repetition of favorable conditions of 1914 would give 880,000,000 bushels. In either case with a spring wheat crop next year equal to that of 1915, the nation will raise more than a billion bushels.

This vastly increased production of wheat, needed in any case, will be absolutely essential to prevent a serious shortage of breadstuffs next summer should the growing corn, now behind the season, be much damaged by early frosts.

The program approved by the secretary of agriculture represents the best thought of the department of agriculture and of state agricultural officials and state councils of defense.

The study of this question has involved many factors and the specialists have been aware from the first that the demands for wheat may exceed the supply next year. Effort therefore has been made to recommend in each state about as large an acreage in wheat and rye as can be sown without upsetting proper farm practice which must be maintained in the interest of wheat and rye crops this and succeeding years, as well as in the interest of other necessary spring-planted crops which are not discussed in detail at this time as they are not food crops in which a marked shortage exists.

The estimates, the department states, are made with the knowledge that there is some shortage of the fertilizer supply but with the understanding that there will be no general shortage in the supply of

seed or of farm machinery which is necessary in the production of the wheat crop. It is understood also that ample transportation facilities will be provided and a fair price of wheat will be established. These factors have been assumed as fixed and satisfactory. If any one or more fail to be adjusted in good time, no person can tell how serious will be the effect on the total crop.

The planting and cultivation of these increased acreages of fall-sown grains calls for unusual effort on the part of the farmers. Plans to place at the disposal of farmers all assistance possible, are being perfected in the department of agriculture, the state colleges of agriculture, and other state and local agencies which co-operate in farming matters. The assistance of successful growers of wheat and rye in a campaign to turn out bumper crops in 1918 is assured.

The state officials will do their utmost to get the acreages expected of their States into the ground. The program as originally worked out by the federal department of agriculture called for somewhat more than 44,000,000 acres to be sown this fall. When this proposal was presented to the officials of the several states a further increase was considered possible and desirable by them. As a consequence the recommendation for the sowing of 47,337,000 acres is made.

#### Three Cheers For T. T.

Former United States Senator Tom Taggart has verbally emboldened the small fry democratic press of Indiana which have been ranting about Will H. Hays, acting as chairman of the State Council of Defense and the republican party at the same time. Mr. Taggart has given out a letter he wrote recently in which he shows how narrowly partisan and how unpatriotic it is for the democratic newspapers to criticize Mr. Hays simply because he is trying to perform a service for the country.

Some democratic newspapers have imagined all sorts of terrible things which might result from Mr. Hays serving in two capacities. They have said he was keeping himself before the public eye in order to prepare the way to be a candidate for governor and that he was grooming Governor Goodrich for the United States senate. Very natural—sensible people paid no attention to this sort of stuff but it was very thoughtful of Mr. Taggart to silence the newspapers which were stirring up partisan feeling and doing more to hinder the proper prosecution of the war in Indiana than Mr. Hays could possibly do if he were serving as an agent of the kaiser.

A Savannah, Georgia man has written the New York Sun and in most caustic terms reprimanded the six hundred citizens of his state who recently held an "indignation" meeting and adopted resolutions declaring the conscription law was unconstitutional. The Kokomo Tribune observes that something besides sectionalism will have to be trotted out to explain this.

The conscientious objector to war has lost his alibi. The government has decided to draft them anyway and use them in camps as non-combatants.

Looking over the top of the trench for a German will not be anything like being entrenched behind some old cans on the day of the class scrap.

#### WAR WILL INVADE FAIRS

Defense Council Plans Exhibits For This Fall

(By United Press)

Washington, August 17.—Now they are standardizing patriotic demonstrations.

Uniform plans were announced today by the Council of National Defense for patriotic demonstrations at Food Training throughout the country this fall.

A discussion of some angle of the war and America's part in it is contemplated, each day. Exhibits will also be standardized.

Terre Haute—The Terre Haute rotary club is making an effort to bring the eighth district Rotary convention of Illinois and Indiana to this city. The convention will be held next February.

## ONE IN EVERY 29 OWNS AUTOMOBILE

Statistics Show National Average For 1916 Was Exceedingly High—  
Iowa Led

#### CALIFORNIA WAS SECOND

(By United Press)

Washington, Aug. 17.—With one automobile for every 11 persons in the State, Iowa led the country in 1916 in the number of motor cars per capita, according to official figures in the government office of Public Roads.

California was second with one car for every 12 inhabitants.

Nebraska and South Dakota had one for every 13. Arkansas stood last in the list of States with only one car for every 116 persons.

The national average was one for every twenty-nine. By sections the south had relatively the fewest cars in proportion to population.

#### MANY MELONS SHIPPED

Seymour, Ind., Aug. 17.—The shipping season for Jackson county cantaloupes—famous throughout the state—is in full swing. Hundreds of baskets of choice melons are being sent to the Indianapolis market. Because of unfavorable weather conditions early in the season, this year's crop is about two weeks later than usual.

#### REAL ESTATE TRANSFERS

(1st half August)

William H. and Daisy D. Lines to Albert L. Winship, North half of lot 13 in Cherry Grove Addition to Rushville, \$1 etc.

Ison and Nannie E. Stevens to William L. Parish, 50 acres in Posey Twp., \$8,250.

James W. Logan to Thomas Beaver and James W. Mercer, Parcel of land in New Salem, \$1, etc.

Zachariah T. and Martha M. Small to Warren W. Robbins, 80 acres in Posey Twp., \$10,400.

Benjamin L. McFarlan to Corydon E. Kiser, 1 51/100 acres in Union Twp., \$250.

Grover and Layman Realty Co., to Nellie and Estel Glover, lot 35 in Belmont Addition to Rushville, \$240.

Trustees of Arlington East Hill Cemetery to J. Oliver Johnson, west half of lot 11 in section 4 of the cemetery, \$25.

Samuel O. and Cora N. McCarty to James O. and Emma E. Johnson, lot 63 in John Clark's Addition to Carthage, \$1,200.

James W. and Martha A. Scott to Theodore Abercrombie, Jr., and Florence Abercrombie, 80 acres in Ripley Twp., \$8,000.

James W. and Maggie Mercer to William and Julia A. Williams, lot 9 in the original plat of New Salem and a strip of land adjacent to lot 9, \$1,850.

Caroline O. and Frank Mock to Anna H. Wooden, part of lot 32 in H. G. Sexton's Heirs Addition to Rushville, \$2,250.

William E. and Margaret J. Angle to Homer Powell 104 acres in Rushville Twp., \$17,160.

#### KEEP YOUNG

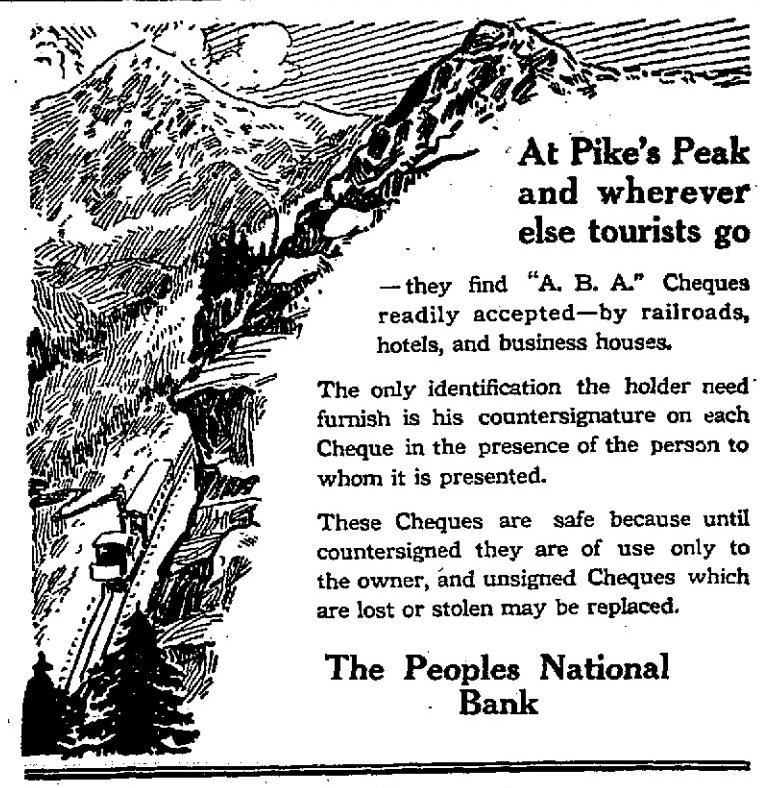

People with bad backs and weak kidneys are apt to feel old at sixty. Many old folks says Doan's Kidney Pills help them keep young. Here's a Rushville case.

A. M. Younger, retired farmer, 828 W. Tenth St., Rushville, says: "I have been using Doan's Kidney Pills off and on for about ten years and they have done me good. When a man gets as old as I, he is bound to have more or less trouble with the kidneys. At times I have a dull ache across the small of my back and it gets weak and lame. Then the kidney secretions are too frequent in passage, causing me to get up at night. Every time I have been this way, I have procured a box of Doan's Kidney Pills at Johnson's Drug Store, and they never fail to relieve me in a short time."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Younger uses. Foster-Milburn Co., Props., Buffalo, N. Y.

#### Don't Suffer With Rheumatism Or Lumbago

Sufferers everywhere claim that Speedway Liniment brought them quick and soothing relief after they had tried everything else. Nothing equals this wonderful, scientific remedy for taking soreness out of cramped, aching joints and muscles. Get a bottle from your nearest druggist—get quick, soothing, glorious relief. Try it. Your money will be handed back to you if Speedway Liniment does not help you. You take no risk. Saturate a cotton bandage or flannel cloth and leave it on over night. It won't burn, blister or stain. In the morning you will bless the physician who evolved this wonderful remedy and brought it to America. Especially prepared by the Speedway Laboratories of Shelby, Ohio. Har-grove & Mullin, and F. B. Johnson & Co.—(Adv.)

—they find "A. B. A." Cheques readily accepted—by railroads, hotels, and business houses.

The only identification the holder need furnish is his countersignature on each Cheque in the presence of the person to whom it is presented.

These Cheques are safe because until countersigned they are of use only to the owner, and unsigned Cheques which are lost or stolen may be replaced.

#### The Peoples National Bank

## We wish to announce an early display of Autumn Suits and Dresses

The models now shown have a particular appeal to those who wish to be first with the new fashions, for they represent some of the choicest of our selections.

If seeking that prestige that comes from being a leader of fashion you will not delay until after someone else has appeared in the garment that you would have wished to wear first.

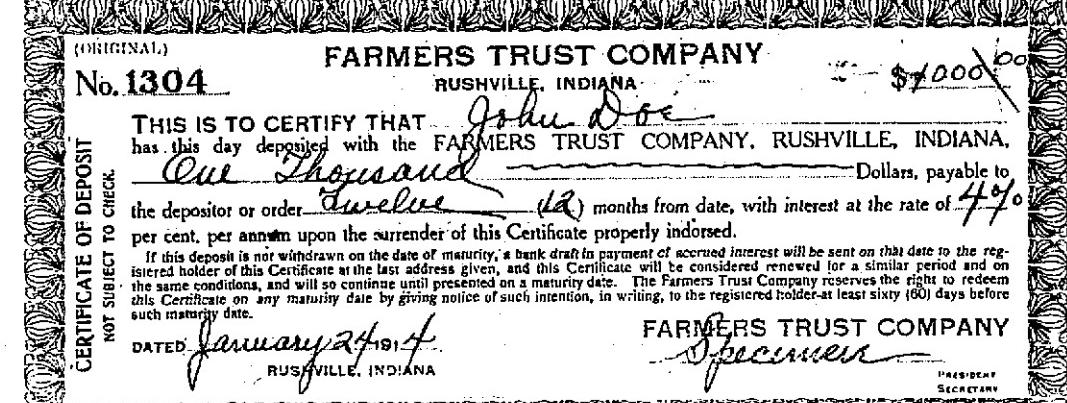

#### Suits and Dresses That Are Really Special Values

And if you buy today you purchase as we purchased—upon the basis of values that are not likely to be duplicated in later buying.

Suits priced from \$15.00 to \$60.00

Dresses priced from \$12.50 to \$27.50

## E. R. CASADY

#### Advantages of Our Self-Renewing Certificates

1. This Certificate can be renewed from time to time by simply HOLDING THE CERTIFICATE and thus make it a permanent investment.
2. It relieves the holder from any annoyance of collecting interest and having the Certificates renewed at every maturity date. We mail you interest check to your last known address on each maturity.
3. This Company will make loans to the face value of the Certificate.
4. There is absolutely no speculative value to these Certificates and they are not affected by the rise and fall of the security market. THEY ARE ALWAYS WORTH PAR.
5. We claim to pay you on this Certificate the highest rate consistent with absolute safety and permanence of the principal.

## Farmers Trust Company

## Your Personal Appearance

#### Everybody Notices It

It's a fact—you can't walk along the street or road without someone taking note of your personal appearance. And personal appearance is a great asset in this world. Your efforts are discounted if you don't stack up in appearance.

You can't impress your personality on the public if you shamble around in a "mussy" suit of clothes. You should have your suits regularly cleaned and pressed.

#### Cleaned and Pressed

Correct, neat appearance is evidence of a concise, orderly mind. Slovenliness without begets sluggishness within.

Don't discard the old suit until you bring it to us. Let us see what we can do for it first.

IT MAY PAY YOU WELL

## WILL STIMULATE FOOD PRODUCTION

New Bill Just Enacted by Congress  
Gives Agricultural Department Wider Powers

### TO MAINTAIN FOOD SUPPLY

Sum of \$11,346,400 to be Spent  
Stimulating Production and  
Conserving Crops

Washington, Aug. 17.—The task of maintaining during the war an ample supply of food will be attacked on a still larger scale by the United States Department of Agriculture through a score or more of projects, under the provisions of the food production bill just enacted by congress.

While most of the projects will be extensions of present activities, some of them will represent new undertakings. The task will be to find just where the country stands in so far as the adequacy of the present food supply is concerned, to speed up the production of food crops wherever this can be done, and to stop as many as possible of the leaks through which hundreds of millions of dollars' worth of edible products annually is wasted.

Eleven million, three hundred and forty-six thousand, four hundred dollars, are made available for the work in the food production bill. This money is for emergency use in addition to the funds appropriated in the regular agricultural appropriation bill for the usual activities of the department. The bill also is distinct from the food control bill, a measure having to do chiefly with the regulation of the distribution of food.

Under the food production bill the department will extend the farm-help activities through which farm

laborers and the farmers who most need them have been brought together during the present season.

The third of the more important of the emergency projects to be carried out by the department is a quick survey of the food situation. This activity will be for the purpose of ascertaining as accurately as possible the condition of the country's food stores and the normal consumption, in order that such action as may be necessary to insure a sufficient supply may be taken intelligently. Farm stocks and supplies in retail stores and in the hands of consumers will be estimated, and stocks held by wholesale, jobbing, storing, manufacturing, and other commercial establishments will be enumerated. It is contemplated that the survey will be followed by monthly reports on several of the more important commodities and, if the emergency requires it, by another survey after an interval of perhaps six months.

In addition to the activities under

the projects mentioned, special work will be undertaken by many of the bureaus and offices of the department in the interest of increased production, and for the conservation, protection, and improved handling and marketing of crops and live stock. The Bureau of Animal Industry will seek to increase

production of hogs and poultry, the two live-stock products capable of most rapid increase. The agents of this bureau also will locate surpluses of hogs in heavy producing areas and farmers in other sections of the country with good facilities for hog raising, in the effort to bring about more economical distribution of hogs. Efforts also will be made indirectly to increase animal production by combating animal diseases and pests, especially hog cholera, tuberculosis, and the cattle tick, which cause losses aggregating millions of dollars annually. The bureau also will endeavor to stimulate the increased production and utilization of dairy food; and will carry

on a campaign for the more general production of infertile eggs.

The Bureau of Entomology will protect its activities in the field to protect crops and live stock. It will assist in organizing communities for combating insect pests, both of crops and live stock.

Producers will be given advice by the Bureau of Markets regarding improved methods of packing and handling food products. The bureau also will extend its market news services to include grain, hay, and seeds, dairy and poultry products, and to cover more full vegetables and fruits and meats and meat products, and will assist in solving truck-marketing problems. These services will make public facts as to supply, demand, and movement of food products, intended to help in the elimination of the lost motion and economic waste existing in the marketing machinery of the country. The bureau also will help producers and consumers to form direct business relations through the parcel post.

Under the food production bill the department's work for the conservation of farm products, including live stock, will be greatly extended. The States Relations Service will add to its staff many county and city agents who will give instructions and demonstrations to all parts of the country in canning, drying, and the preparation of food products in other forms which will protect them against spoilage. The Bureau of Markets will seek to reduce losses due to faulty handling, packing, shipping, and marketing. The Bureau of Plant Industry will endeavor to arouse interest in the natural storage during the fall and winter months of semi-perishable products. Forces making for the conservation of live stock and animal products will be put into operation by the Bureau of Animal Industry. This work will include, as already mentioned, campaigns for the reduction of losses of eggs through faulty handling and from failure to produce infertile eggs, and movements to assist of eggs. In the latter work field agents of the Bureau of Animal Industry will bring together owners of surplus hogs and farmers having facilities for raising more hogs. This should result in the distribution of the surplus stock from regions of heavy animal production and expensive feed to parts of the country where animal industry is not well developed and where pasture and feed are relatively abundant and cheap. The bill also makes provision for the extension of other lines of the work of the Department.

## Duroc Hog Sale

Saturday, Aug. 25

1:00 P. M.

ONLY SALE BREED DURROC SOWS

IN INDIANA THIS YEAR.

25 Head Sows bred or with litters.

25 Big Spring Boars and Gilts.

All registerable. Mostly bred to or

sired by this great boar, the

1000 lb. Tippy Superba

If you want to raise extra big growthy, easy feeding hogs then get them from this great breeding boar.

Next year will see enormous prices paid for hogs. Prepare now. Come to this sale. 6 miles west of Greenfield, 2 miles north National Road, Traction Stop 34, Greenfield Line.

Send for Catalog.

The Misses Katherine Guffin and Lois Reeve entertained a coterie of girls last evening with a theater party, in honor of the Misses Katherine Hutchinson and Marjory Cundiff of Huntington, West Va. The girls enjoying the affair were Misses Dorothy Sparks, Marjory Thomas of Omaha, Neb., Mary Louise Poe, Katherine Wooden, Mary Louise Bliss, Esther Anderson, Dorothy Mulno and Dorothy Frazee. After the theater party, the girls, chaperoned by Mr. and Mrs. Will M.

Sparks, motored to the Green camp, northeast of town and were entertained with a wiener roast.

\* \* \*

Miss Dorothy Sparks entertained with a well appointed dinner party, yesterday at her home in North Main street. The affair was in the form of a farewell party for Luther Griffith and Vernal Dial, both of Huntington, West Va., who are commissioned officers and will leave in a few days for their training stations. The pretty table was laid for a four

course dinner and the plates were marked with candles, hooded with pink shades. The guests were the Misses Lois Reeve, Marjory Cundiff and Katherine Hutchinson of Huntington, West Va., Katherine Guffin, Dorothy Mulno and Luther Griffith and Vernal Dial.

\* \* \*

A number of neighbors and friends gathered at the home of Mrs. Henry Poe, Wednesday evening and surprised her, the occasion being her birthday. Summer flowers added their brightness to the pretty rooms. The only light in the dining room was shed by the candles, which lighted the large birthday cake. Dainty refreshments were served and the guests were Mr. and Mrs. John Snider and daughter, Mr. and Mrs. Richard Abernathy and daughter, Mr. and Mrs. H. G. Sampson, Mr. and Mrs. G. R. Treadway and son, Mr. and Mrs. Harry Lucas and family and Mr. and Mrs. Henry Freese.

\* \* \*

Mrs. Lee Thomas of Warsaw, Mrs. C. C. Lyon of Columbus, O., the house guests of Mrs. Vern Norris, and Mrs. Leonard Roberts of Indianapolis were the guests of honor, yesterday afternoon, when Miss Mary Amos entertained the members of the S. E. T. Embroidery club at her home in North Perkins street. The pleasant afternoon hours were whiled away over needlework and dainty refreshments were served by the hostess. Mrs. Ned Abercrombie will entertain the club in two weeks.

\* \* \*

Mrs. Vorhees of Lockland, O., the house guest of Mrs. Zula Clawson, Miss Katherine Kirbyshire of Petersburg, Fla., the guests of Mrs. J. M. Amos and Mrs. George Thomas were the guests of honor at the regular meeting of the Happy-go-Lucky club yesterday at the home of Mrs. George Looney, in North Main street. During the afternoon the ladies knit and sewed for the Red Cross and a one course luncheon was served late in the afternoon.

\* \* \*

The Misses Helen Matlock, Lillian Priest, Helen Thomas and her guest Marian Mann of Newcastle, Margaret and Joan Weakley, Magdaline Arbuckle and Helen Beaton, Frank Maire, Cyril Arbuckle, Raymond Vredenburg, Harold Miller, Glen Ruddle and Meryl Winkler formed a party last evening and went to the Dagler woods west of Rushville and enjoyed a wiener roast and a pitch-in supper.

\* \* \*

Miss Helen Thomas entertained a number of girls with a picnic today, in honor of her house guest, Miss Marian Mann of Newcastle. The girls took their dinner and went to the Frame woods east of the city. The guests were: Phyllis Casady, Josephine Scholl, Marguerite Kelly, Helen Thomas, Marian Mann, Jean Sparks, Reba Beale, Leatha Higgins, Janet Dean and Marjory Clark.

\* \* \*

Mrs. Derby Green was the charming hostess to twenty-two members of the Emanon club, yesterday afternoon at her home in North Main street. Needlework and knitting were features of the afternoon and the service of tempting refreshments concluded the meeting. The club will meet with Mrs. Lowell M. Green in two weeks.

\* \* \*

Mrs. Russell Bearinger was hostess to seven members of the Yomo club yesterday afternoon at her home in North Perkins street. The guests spent a pleasant afternoon over needlework and the hostess served delectable refreshments. Mrs. Claud Smith will entertain the club in two weeks.

\* \* \*

The order of Red Men of Orange held a picnic in Reed's Grove near there yesterday. The members of the lodge and their families enjoyed the day, which was spent with various outdoor festivities. At noon a sumptuous pitch-in dinner was served.

\* \* \*

Three tables of Bridge were entertained by Mrs. Walter Hubbard, yesterday afternoon at her home in West Second street. After the engrossing games of cards, the guests were served with sumptuous refreshments. Mrs. Ben Humes will be hostess to the club in two weeks.

\* \* \*

Mrs. Ida Srigzen and daughter Miss Ruth of Indianapolis were the dinner guests of Mr. and Mrs. Willard Amos and daughter Miss Mary today at their home in North Perkins street.

Mr. and Mrs. Louis Hiner entertained a number of young people with a pitch-in supper last evening at their home in North Willow street. The guests were: Mr. and Mrs. Brnee Beck, Mr. and Mrs. Theodore Abercrombie, Mr. and Mrs. Gibson Ross, Mr. and Mrs. Knowles Casady and their house guest, Miss Mildred Dungan of Shelbyville, Mr. and Mrs. Charles Frank, Mr. and Mrs. Roseoe Ward, and Mr. and Mrs. Walter Hall of Shelbyville.

\* \* \*

Five members of the S. S. C. club met with Miss Ava Ging yesterday afternoon at her country home northeast of the city. Crocheting and needlework were the main features of the afternoon, and the hostess served refreshments at the close of the meeting.

\* \* \*

Mahoning Council No. 36 will have their regular meeting this evening and as business of importance is to be transacted, every member is urged to be present.

#### With The Churches

Sunday school will be held at 9:30 o'clock Sunday morning at the First Baptist church and there will be preaching at 10:30 a. m., and 7:30 p. m., by the Rev. C. J. Bunnell of Elwood, who has accepted the call to the local pulpit. He will begin his work here officially the first Sunday in September.

A home coming, all day meeting and basket dinner will be held at the New Salem Methodist church Sunday. The Revs. J. T. Seull, George B. Walls, W. M. Whitsitt of Rushville. J. E. Murr of Milroy and others will have a part in the day's services. Dinner will be served at the school building. The Rev. U. G. Abbott is the pastor.

Sunday school will be held at the First Presbyterian church Sunday morning at 9:30 o'clock, but there will be no morning or evening church services on account of Dr. D. Ira Lambert being away.

#### Uncle Sam's Christ Thought For Today

##### Peanut Soup

A delicious and nourishing soup may be made from skim milk and peanut butter as follows, says the United States Department of Agriculture:

Heat 1 pint of milk until lukewarm. Add 2 rounded tablespoonsfuls of peanut butter mixed to a smooth paste with a little of the milk. Salt to taste. Thicken with 1 teaspoonful of butter or savory fat mixed with 1 tablespoonful of flour. Bring almost to the boiling point and serve.

#### Amusements

The Gem offers William Kolb and Max Dill, the celebrated comedians in the feature comedy, "A Million for Mary" for the program tonight.

The production is in five reels and is said to be the best thing these two comedians have yet produced. Tomorrow Shorty Hamilton will be seen in the comedy, "Shorty Unearths a Tartar."

The "Golden Fetter" is the title of the feature drama at the Princess tonight. Wallace Reed and Anita King are featured and it is said to be a novel drama of the east and west, telling a fine story. Tomorrow Bessie Love will be seen in the drama, "A Daughter of the Poor."

#### GARLIC CAUSED ARREST

London, July 25 (By Mail).—Give a Scotland Yard man the scent and he'll follow it straight to the evidence. That is how the first arrest was made under the food hoarding act. Kirkor Tamirantz, a Russian, was nabbed for packing his pantry, mainly with garlic and cheese.

#### TYPHOID EPIDEMIC

Evansville, Ind., Aug. 17.—Despite precautions by city officials, typhoid cases are increasing in Evansville. Mayor Bosse has appealed to every physician, and nurse in the city, faithfully to observe the law by reporting new cases immediately to the city health department.

*What you take?*

## News of Interest from Many Points in County

### Plum Creek

There were 100 present at Sunday school last Sunday.

Mr. and Mrs. Thomas Bernan and his brother and wife of Wells county attended the funeral of Wayne Ertel Wednesday.

Mr. and Mrs. Mull Wallace and son John of southwest of Rushville were the guests of the latter's parents, Mr. and Mrs. John, Sr. Sunday.

Mr. and Mrs. Welcome Aiken entertained the past week Mr. and Mrs. William Barlow and family of Rushville and Mr. and Mrs. Mallen and family and Mr. and Mrs. George W. Kemmer and family.

Mrs. Lina Hahn of Eaton, Ohio is the guest of friends in this neighborhood.

The farmers of this neighborhood are through threshing wheat, but are still threshing oats.

Mrs. John Nipp, Sr., who hurt her back when she fell a few days ago, is improving slowly.

Mr. and Mrs. Willis Meyer will move to the Milt Gordon home in the near future. Mr. Gordon and his niece will locate in some city, but they have not decided where it will be.

Mr. and Mrs. Will Strong and family and Charles Ertel, Sr. of Madison county came Tuesday to attend the funeral of Wayne Ertel, but when it was postponed to Wednesday, they could not remain and had to go back Tuesday evening.

The C. W. B. M. society will meet Wednesday afternoon of next week with Mrs. George B. Kemmer.

The Misses Mary Rider, Dorothy Pearess and Myrl Gordon were the guests of the Misses Carson Wednesday.
